

DeBruin Gets Agriculture Scholarship

A \$600 scholarship has been awarded to Ohio State University dairy science major Steven DeBruin by the Alpha Gamma Sigma Foundation, it has been announced by E. E. Darrow, assistant dean of the College of Agriculture and Home Economics.

DeBruin, a native of Pickaway County, was chosen to receive the award because of good scholarship and leadership in campus activities.

He is hoping to be accepted as a student in the School of Veterinary Medicine and to eventually specialize in a large animal practice in Ohio.

The award DeBruin received is officially called the Alpha Gamma Sigma Foundation Award, Clair E. Jones — Dairy Science. It is granted each year to an outstanding dairy science student and funded from the interest on money invested in the Foundation by alumni of AGS, an agricultural fraternity. The award carries the name of Clair Jones, an AGS alumnus who has contributed generously to the Foundation and who specified that the scholarship go to a dairy science major.

Jones, of Wauseon, has a dairy farm there along with other business interests.

Gilmore Gets Latest Date With Death

Bulletin

PROVO, Utah (AP) — A judge gave Gary Gilmore his third date with death today, ordering him shot at sunrise Jan. 17. Gilmore said he would ask to be released from prison because of the delay.

PROVO, Utah (AP) — Gary Mark Gilmore hopes the third time will prove the charm when he gets his latest date with death from the judge who has sentenced him twice before.

The 36-year-old Death Row inmate, eating again and pleased that the U.S. Supreme Court lifted his stay of execution, had a scheduled court appearance today before District Judge Robert J. Bullock, who sentenced him to face a firing squad on Nov. 15 and Dec. 7.

But Gilmore's mother and at least one group opposed to capital punishment hoped legal action would once again keep him from fulfilling his wish to die swiftly rather than spend his life in jail for killing a Provo motel clerk last July.

Lawyers for Bessie Gilmore of Milwaukie, Ore., on Tuesday asked the U.S. Supreme Court to reconsider its Monday decision lifting its stay.

Gilmore, who has spent 18 years in penal institutions, asked his lawyers to drop a motion filed last week seeking his release on a legal technicality — that the state didn't execute him within 60 days of sentencing as required by Utah law.

Attorney Ronald Stanger said Gilmore told him he broke a fast he had started on Nov. 19 because he was happy about the court ruling and because "I got a mite hungry."

Gilmore stopped eating when authorities wouldn't allow him to telephone his girlfriend, Nicole Barrett. Prison officials told him they would try to get information on Mrs. Barrett, who was admitted to a state mental hospital after the lovers took sleeping pills in a suicide pact on Nov. 16, one day after he was to have died.

That execution order had been stayed by the state Supreme Court on Nov. 8, rescinded two days later at Gilmore's request, and then stayed again on Nov. 11 by outgoing Gov. Calvin Rampton.

OPEC Meets To Hike Prices

DOHA, Qatar (AP) — The Organization of Petroleum Exporting Countries (OPEC) opened a price-fixing meeting today with only conservative Saudi Arabia, the cartel's biggest producer, opposed to an increase in the price of crude oil.

The Saudi oil minister, Sheikh Ahmed Zaki Yamani, said on his arrival in Doha that his country favors postponing the increase for six more months because the world economy is still too shaky. The Saudis previously said they would agree to a "reasonable increase" of less than 10 per cent in the price of \$11.51 for a barrel of benchmark crude.

The ministers of the 13 nations who supply 80 per cent of the oil imported by the world's non-Communist nations met behind bulletproof shutters in the banquet hall of a luxurious hotel beside the Persian Gulf.

Indonesian Oil Minister Mohammed Sadi, the current chairman of OPEC, opened the conference with a reminder to the ministers that their decisions would "affect the state of health of the

world, not only now but for some time to come."

"We hope to convince the members of OPEC of our views," Yamani said. "We believe we have a strong view, but we never come with a position we can't change."

Yamani said his government has found that the trend of international economic recovery "is not as strong as we hoped to have." He noted that Saudi Arabian light crude is the benchmark oil on which OPEC's price structure is based, and he commented: "I don't

think OPEC will be in position to raise the price of Saudi crude without the consent of Saudi Arabia."

Saudi Arabia, OPEC's leading moderate as well as its largest producer, is under heavy pressure from the United States to hold the oil price line.

President-elect Carter told a news conference Tuesday that Secretary of State Henry A. Kissinger and his successor, Cyrus R. Vance, both talked with representatives of the oil nations, and Carter said he felt "very good

about their attitude."

The U.S. State Department said this week that each 5 per cent increase in the price of crude oil would mean a rise of .8 cent a gallon in the price of gasoline in the United States, now averaging 60 cents a gallon.

Most of the 12-member OPEC group have been insisting on a price boost despite the contention of the industrialized nations that it would worsen inflation, hamper recovery from the worldwide economic slowdown and work more hardship on the

underdeveloped nations than on the industrialized countries.

The price "hawks" argue that the cost of goods they import from the industrial nations has risen as much as 25 per cent since OPEC's last oil price rise in October 1975. Western officials contend that this increase averaged less than 10 per cent.

Qatar's oil minister, Abdulaziz Bin Khalifa al Thani, told a news conference that the Western campaign against a price boost was a "game" aimed at breaking up the oil cartel.

Partisan, Productive Assembly Adjourns

COLUMBUS, Ohio (AP) — A productive but partisan two-year legislative session, dominated by majority Democrats, has concluded here with final adjournment of the 111th General Assembly.

State senators approved 109 of Gov. James A. Rhodes' appointments, rejected one, and failed to override a Rhodes veto before calling it quits Tuesday. Thirty minutes later at 2:25 p.m., the House also adjourned "sine die," without setting a future date, and the 1975-76 session was dissolved.

The 112th General Assembly convenes Jan. 3.

"It was hectic, at times chaotic," admitted Senate Majority Leader Oliver Ocasek, D-28 Akron, "but when history is written, I think it will be the most productive general assembly."

Senate Minority Leader Michael J. Maloney, R-7 Cincinnati, has a different assessment. "Thank God it's over," he said.

Maloney agreed that a number of significant bills had been enacted, but said achievements were "overshadowed by the totally unnecessary high level of partisanship."

An equal yield formula for state subsidies to schools, reform of drug and utility rate laws and medical malpractice protection are among

enactments viewed as major legislation of the session.

Most of the final session was devoted to Senate confirmations, which included two Rhodes cabinet members: Highway Safety Director Robert Chiaramonte, and Workmen's Compensation Administrator Robert C. Daugherty. Both men got the assignments from Rhodes recently, as a result of controversies in the two agencies.

Robert Kinney lost his \$30,638-a-year post as commissioner of tax equalization by a 20-10 vote, as Democrats prevailed in a straight party line vote.

Kinney stood accused by Sen. Tony Hall, D-6 Dayton, of providing statistical information that was used in a campaign ad by Hall's opponent to suggest that the senator was responsible for tax increases.

"They inferred in so many words that me, Senator Hall, had a lot to do with raising taxes in Montgomery County to the tune of \$20 million," Hall said.

Maloney, who defended Kinney, was prime sponsor of the 1972 property reappraisal bill that has resulted in property tax increases.

Rhodes' executive assistant, Thomas J. Moyer, told newsmen "the

bottom line question is whether the (Kinney) information was public, factual information, and the answer to that is yes."

Kinney was the fourth Rhodes administration official to be ousted by the Senate.

Only one other appointment, Nursing Home Advisory Commission member Herbert Arfman of Salem, drew debate. Sen. Marigene Valiquette, D-11 Toledo, said Arfman should be rejected because "he has stated flatly that the state standards for nursing homes are too high." The former Columbiana County judge survived by a bare majority.

The other 109 appointees were approved unanimously in a bloc vote.

The Senate failed by one vote to override Rhodes' veto of a bill that would have set up a legislative oversight committee to keep a rein on state agency rule-making power. Rep. Thomas P. Gilmartin, D-57 Youngstown, the sponsor, said he would introduce the bill again next year to give the legislature some authority over bureaucratic regulations.

The House had no major business on the agenda, but Speaker Vernal G. Riffe Jr., D-89 New Boston, used the occasion to praise the legislative

record and point out that voters had returned Democrats with larger majorities.

In the upcoming 1977-78 session, Democrats will have enough votes in both houses to override any gubernatorial veto without Republican help. They were one vote short of a veto-proof majority in the House during the past session.

"It's not a perfect record," Riffe said, "but we are going to improve on it next year."

Next year will happen in Columbus without two familiar figures in Statehouse corridors, Rep. Ethel Swanbeck, R-72 Huron, dean of House Republicans, and Sen. Robert T. Secrest, D-20 Cambridge, a veteran of nearly 50 years in public life. Both are retiring.

Mrs. Swanbeck said the House had been a second family for her and "a wonderful family to be with all these years."

Secrest, a former congressman, said his "happiest and most productive years" had been spent in the state legislature.

"I have served with great men on both sides of the aisle," he said. "This is the only country in the world where a 14-year-old coal miner could end with his 48th year in politics."

Eight senators and seven state representatives will not return next year, for various reasons.

Report Claims West Point Probe Flubbed

WASHINGTON (AP) — A 91-page report by a special commission says the U.S. Military Academy responded inadequately to West Point's biggest cheating scandal, according to Pentagon sources.

The report, written by a commission headed by former astronaut, Frank Borman, recommends the readmission as soon as possible of the West Point cadets ousted in connection with widespread collaboration on graded homework last March.

The Borman report is to be made public today, along with a second report that is critical of the way the academy handled Army lawyers who defended the accused cadets.

A total of 151 cadets have been caught up in the scandal, including 139 who have left the academy, four who had been expelled for other reasons before their cases were decided and eight who have stayed there with appeals pending.

Last August, Army Secretary Martin R. Hoffmann virtually guaranteed readmission at the beginning of the next academic year to the cadets, who were among 823 members of the 1977 graduating class given the homework for Electrical Engineering 304.

The commission also recommended that:

—The mandatory single sanction of expulsion for honor code violators be abolished in favor of discretionary punishment. This, however, comes after the cadet corps voted last week to keep the expulsion rule.

—The term of the superintendent be extended beyond the usual three years to keep policies from periodically changing in a way that makes cadets cynical.

—The selection of a superintendent be based on his respect among academicians.

—The academy cease using the honor code — which states that "a cadet will not lie, cheat, or steal, nor tolerate those who do" — to enforce regulations.

—The tenure system, which protects 11.6 per cent of the faculty from removal before age 64 or the completion of 30 years' service, be altered.

FIRE SCENE — This was the scene of a fire in downtown Circleville Tuesday morning, in an apartment located over the Circleville Cable Television building at 156 W. Main St. Six firemen from both station houses responded to the 10:34 alarm. The fire was believed to have started in the living room, but the cause is still undetermined. The occupant of the apartment, Lloyd Martin, was taken to Berger Hospital, where he was treated for minor injuries and released. Fire

officials stated that when the fire was reported, the wrong address was given, and firemen dispatched to an apartment complex across the street from the fire. Citizens at the scene routed the firemen to the proper address, and once inside, they contained the blaze to the two rooms. Firemen, police, and street crews were on the scene for nearly 90 minutes. Firemen used 300 feet of one inch hose and 150 feet of two and a half inch hose to extinguish the blaze.

Carter Sets More Appointments

PLAINS, Ga. (AP) — Having filled three Cabinet posts, President-elect Carter is expected to announce Thursday his choice for at least one more post, probably secretary of agriculture.

Rep. Bob Bergland, D-Minn., a farm operator and political ally of Vice President-elect Walter F. Mondale, was widely seen as the likely choice to head the Agriculture Department.

Carter spokesman Jody Powell emphasized Tuesday that Carter's next appointments will not necessarily all involve Cabinet secretariats. Powell said simply they would be Cabinet-level posts and said there would be at least two announcements.

Another possibility was an announcement of Carter's reported decision to name Charles Schultze, budget director in the Johnson administration, as chairman of his Council of Economic Advisers.

Meanwhile, Rep. Andrew Young, D-Ga., said he has been offered the post as U.S. ambassador to the United

Nations but that he hasn't made up his mind about whether to take the job.

Carter and several top aides cautioned newsmen again Tuesday against advance speculation about choices for top appointments.

Earlier, Jane Cahill Pfeiffer, a former IBM vice president, had asked that she not be considered for secretary of commerce, saying a Washington job would have parted her from her husband, and because she had undergone a thyroid cancer operation less than a year ago that left her without "confidence in my own sustained energy level...."

At his Tuesday news conference, Carter said he will nominate W. Michael Blumenthal, chairman of the Bendix Corp., as treasury secretary and Rep. Brock Adams, D-Wash., as transportation secretary.

Carter said he probably will announce, even before his inauguration, an economic program aimed at creating jobs and, quite likely, reducing taxes. He said he favors job-

creating programs supplemented by tax breaks.

The President-elect also disclosed that Vance has joined Secretary of State Henry A. Kissinger in trying to persuade members of the Organization of Petroleum Exporting Countries (OPEC) from imposing steep oil price increases at a price-fixing meeting in the Middle East this week.

The President-elect ducked a question about pay raises for top federal employees, saying the matter rests on outgoing President Ford's desk.

On other topics, Carter said:

—He has not given sufficient study to possible duplication of offensive weapons systems to decide whether defense spending might be curbed by eliminating some of them.

—He is confident Congress will give him authority, probably by the end of February, to draw up broad government reorganization plans that would go into effect automatically unless vetoed by the Senate or House.

Markets

NEW YORK (AP) — Stock prices moved higher again today as Tuesday's closing rally spilled over into early trading.

After the opening trades, the Dow Jones average of 30 industrials was up nearly two points.

Advancing issues took an early lead over declines on the New York Stock Exchange.

Indications that oil-rich Saudi Arabia will seek a six-month freeze on oil prices at this week's meeting of oil exporting countries and statements from President-elect Carter that the U.S. is actively trying to moderate any increase have fed Wall Street's hopes for a favorable OPEC decision on oil prices.

Lower interest rates which are a potential boost for the economy are also a factor helping the market, brokers said.

Early prices of stocks included Pacific Gas&Electric, up 1/4 to 23 3/4; Occidental Petroleum \$3.60 preferred, up 1 1/4 to 72 1/2, and Pan American World Airways, ahead 1/4 to 5 1/4.

On Tuesday, the Dow Jones average rose 6.39 to 980.63.

The NYSE composite index showed a gain of .24 at 56.59 and advancing issues held a narrow lead over declines among issues traded on the New York Stock Exchange.

Turnover reached 25.13 million shares.

On the American Stock Exchange, the market value index was ahead .37 at 103.73.

Baghdad Airport Blast Kills 3

BEIRUT, Lebanon (AP) — Iraq accused the Syrian secret service today of planting a bomb that exploded in Baghdad airport's customs section. The Iraqis said three persons were killed and many injured, including 10 requiring hospital treatment.

Syria and Iraq are governed by rival factions of the Arab Baath socialist party and have a long history of bitter quarrels.

The Iraqi casualty count contrasted with earlier reports abroad of six killed in the blast Tuesday evening.

A government statement broadcast by the Iraqi state radio identified the dead as one Saudi Arabian and two Iraqis. It said West Germans and Japanese were among the wounded.

Reports in London said as many as 400 persons were injured.

The broadcast said a suitcase containing an explosive charge was slipped into the luggage compartment of an Egyptian jetliner during a stopover at Damascus, Syria.

Experts estimated the explosives weighed 14 to 16 pounds and were fitted with a timing device, the statement said. The blast went off as the luggage from the plane was being checked by

Baghdad airport customs officers shortly after sundown Tuesday, it added.

British Airways said it received reports that many of those injured were Moslem pilgrims cut by flying glass as they waited for departing flights.

The Iraqi statement said many people were slightly injured but only 10 needed hospitalization. These were taken to hospitals in the Iraqi capital and the public health ministry has taken charge of their treatment, it said.

The statement, first official word on the explosion, said police cordoned off the airport area.

"This crime is added to the long criminal record of the Syrian regime," said the Iraqi statement. "The explosive suitcase was planted deliberately on the Egyptian airliner at Damascus airport, which was the last stop on the plane's regular flight from Cairo."

The Syrians have accused the Iraqi

Brinkley Urges Changes In News

MIAMI BEACH, Fla. (AP) — NBC co-anchorman David Brinkley says broadcast news should stop following the lead of newspapers and instead decide how to change news to make it fit the medium.

Brinkley said television journalists should consider the value a story has to the person sitting in front of his television set.

"We follow newspapers more or less and we really ought to stop. If it is news in a newspaper, is it not also news on radio and television? No, it isn't," he told the Radio-Television News Directors Association's convention.

"I do not suggest more light or frivolous news, but we should not bore our audience any more than is truly necessary...Newspapers can print items most of their readers don't give a damn about. We can't."

regime of masterminding a series of terror acts against a Damascus hotel and Syrian embassies abroad — or at least of helping Palestinian extremists conduct the attacks. Damascus also charged Iraqi connivance in the attempted assassination of Syrian Foreign Minister Abdul Halim Khaddam two weeks ago.

A dissident Palestinian guerrilla group calling itself "black June," claimed responsibility for the attacks. The group is headed by a maverick Palestinian guerrilla dissident from Yasir Arafat's Al Fatah, the largest guerrilla organization.

Black June is based in Baghdad. It has said the anti-Syria attacks were retaliation for Syria's military intervention against Palestinian guerrillas and their leftist Moslem allies in the Lebanese civil war.

Markets

NEW YORK (AP) — Stock prices moved higher again today as Tuesday's closing rally spilled over into early trading.

After the opening trades, the Dow Jones average of 30 industrials was up nearly two points.

Advancing issues took an early lead over declines on the New York Stock Exchange.

Indications that oil-rich Saudi Arabia will seek a six-month freeze on oil prices at this week's meeting of oil exporting countries and statements from President-elect Carter that the U.S. is actively trying to moderate any increase have fed Wall Street's hopes for a favorable OPEC decision on oil prices.

Lower interest rates which are a potential boost for the economy are also a factor helping the market, brokers said.

Early prices of stocks included Pacific Gas&Electric, up 1/4 to 23%; Occidental Petroleum \$3.60 preferred, up 1 1/2 to 72%, and Pan American World Airways, ahead 1/4 to 5 1/2.

On Tuesday, the Dow Jones average rose 6.39 to 980.63.

The NYSE composite index showed a gain of .24 at 56.59 and advancing issues held a narrow lead over declines among issues traded on the New York Stock Exchange.

Turnover reached 25.13 million shares.

On the American Stock Exchange, the market value index was ahead .37 at 103.73.

Expense Statements Due, Brown Says

COLUMBUS, Ohio (AP) — Postelection contribution and expenditure statements must be filed by 4 p.m. Friday, Secretary of State Ted Brown said Tuesday.

In addition to the candidate's campaign committee, opposition committees, political parties, and committees formed to sponsor or oppose issues must file reports with the secretary of state.

Brown said committees exempted from filing a pre-election report because they received or spent less than \$1,000 still must file the latter report to reflect all receipts and expenditures through the course of their campaigns.

The report must represent all transactions through the seventh day before it is filed, Brown said.

Store Santas Lack Job Security

CLEVELAND (AP) — The rewards of being a department store Santa Claus are many, but job security is not among them.

While the one and only St. Nick and his North Pole comrades work year-round to make enough toys for the Christmas eve itinerary, Cleveland's Santas know the white beard and red jumpsuit make for shortlived employment.

That pitfall notwithstanding, the Mr. Claus' here are gung-ho ho ho about their job.

"Anyway you look at it, the kids are great," said Peter Jedick, 27, a first-year Santa for the May Co. and a graduate of Kent State University.

"I applied for Christmas season work to get enough money to flee to Florida," Jedick said. "I assumed that I would get something in sales. But the Santa job was open, too, and I took it.

"Guess it's something I wanted to do. The pay isn't much so I suppose you could say I'm doing it for laughs," added Jedick, who is considerably underweight for the role of a typical rotund Santa. But his little friends don't seem to mind.

"The sight of Santa is sometimes just too much for some of the very young ones," Jedick noted. "Often they are pushed up to me or carried by parents, shedding tears by the bucket. But often, if I can talk and get them calmed down, they don't want to leave.

"Others," he continued, "just march right up and rattle off a list that would bankrupt a banker."

Richard Hice, 28, a third-year Santa at Halles Bros. Co. and more appropriate of shape, sees his role in a different way.

"When I play Santa Claus," Hice said, "I am Santa Claus.

"It's real fun, the pay is good, and it's a great satisfaction to talk to the kids and see them pop-eyed with excitement. But you have to like kids and put your heart in your work.

"Sometimes when they ask for a pony or a puppy for Christmas, it creates a bit of problem," added Hice, who spent his first two years as a Santa in his hometown of Uniontown, Pa.

"One time in Uniontown, a little boy asked me for a puppy. Obviously this was what he wanted more than anything else in the world.

"I told him to come back the next day and I would have one for him," Hice related.

"That afternoon I went to the Humane Society and bought him a puppy. There were tears in his eyes when I gave it to him.

"My philosophy," Hice said, "is that if I can make a kid happy, I'm satisfied."

Belmont Hunter is a Santa at The Higbee Co., which has four Santas, apparently to make sure each maintains the proper level of joviality.

"The kids are the same every

year," said Hunter, 68, a Santa for the ninth time. "Only the things they ask for change.

"I'm a grandfather myself and know how to handle them," Hunter said. "When kids are obviously from a family without much money but want all the expensive Christmas toys, I tell them that I'll try but things are pretty tough this year.

"I never make any promises, just hold out hope."

Before many of Florida's wetlands were drained, some 100,000 wood storks nested there each winter. National Geographic reports that the number of storks there has gradually dwindled to about 13,000.

A Page Of Opinion

Interval Of Confusion

There may be a flaw in the gap between an early November election of a President of the United States and his mid-January inauguration. Some time is required for an orderly change of administrations, but two and a half months may be too much.

As has been demonstrated during the current transition, a prolonged interval can prove embarrassing to both the outgoing and incoming presidents, and it also can serve as a point of contention between the two administrations.

Gerald Ford remains

President until January 20, but each major decision he makes, each policy pronouncement, each reaction to a world event is colored by the fact his days in office are drawing to a close and everyone from members of Congress to heads of other capitals knows it. Yet decisions have to be made daily. What has been properly called the world's toughest job cannot simply remain vacant for 10 weeks.

Jimmy Carter is faced with a similar problem. The President-elect is bombarded constantly in person and through his aides for his views on unfolding events.

Important diplomats want to see him to sound out his foreign policy views. Should he comment, either favorably or otherwise, on Ford administration actions?

Compounding all that, one of the first assignments a new president is handed is to review the work just completed by his predecessor—such as the next fiscal budget—and immediately begin making changes to suit his goals and priorities.

Much of the confusion and friction could be avoided if the interval between the vote and the installation were not so long.

Curious Stuff

By JIM BISHOP

It should be noted that I am a man addicted to monumental mistakes. When I make one, my friend, it is always a thing of beauty. When I began to edit Collier's magazine, the first thing I did was throw out a feature called "Freling Foster's Look At the World."

The column consisted of items such as the highest mountain, the deepest sea, the oldest human and the quaint mating habits of obscure tribes. Two weeks after I threw it out of the magazine, I was sorting through three large canvas sacks of protesting mail. The friendly readers referred to me as a knucklehead.

I reinstated the column and abased myself to one and all. Last week, Sterling Publishing sent me a book called "The Curious Book," by Arkady Leokum. Same thing. Don't tell me that you people out there don't love this stuff. It goes like this:

China had a law compelling doctors to hang a lighted lantern outside their homes for each patient they lost. The Durham Cathedral in England required 400 years to build. One town in America produced two presidents: Braintree, Mass., was the home of John Adams and John Quincy Adams.

In Nepal, they enshrine a living goddess. Hindu priests select a little girl as a symbol of purity. She is forced to live alone in a beautiful temple. When she reaches puberty, she is sent home with a lot of money. No one will marry her because she is considered bad luck.

Greenland is a misnomer. Nothing grows in the interior. It is an immense shelf of ice, often several thousand feet thick. If an ostrich is matched in a race with a fast horse, bet on the ostrich.

Jet travel does strange things to time. I spent all day Sunday in Tokyo and, the next day, spent all day Sunday in Honolulu. If you fly a Concorde from Paris to Washington, you will land an hour before you took off.

In Hong Kong, one of every 15 men, women and children are narcotics addicts. The Chinese use the front porch to dry laundry, the clothesline for drying fish.

More Americans between the ages of one and 14 die from accidents than from disease. Next to accidents, it is pneumonia and influenza which take the little ones away.

The tallest growing things are redwoods and sequoias. They are often 35 stories high. All that man lives on is contained in 18 inches of topsoil. It requires 9,000 pounds of grain to nourish 900 pounds of beef.

Centuries ago, a mean English landlord demanded rent of one red rose at Christmas and one snowball in

midsummer. The tenant now on the estate is still paying the same rent.

The Chinese love to organize. With 780 million people, they have no trouble calling every 30 families "a production team." Eight production teams make one work brigade. A dozen work brigades make one commune. Every commune has its own hospital. The lowest family member gets instantaneous medical care.

Buckingham Palace contains 602 rooms for Elizabeth, Philip, and the royal family. The median age of Miami Beach residents is 65. In Hammerfest, Norway, there is constant daylight for 73 days.

The battle between blacks and whites in Rhodesia hasn't resolved who gets custody of the elephants. There are 4,000 in Wankie Park. In New Caledonia, a girl is engaged to be married at birth.

The men most likely to be divorced

are actors, salesmen and musicians. Those with the most enduring marriages are clergymen, farmers and miners. In Tahiti, tipping is considered to be a form of begging.

When Queen Isabella staked Columbus to a free cruise to the New World all she gave him amounts to \$7,000 in today's currency. This will get around the world on the Q.E. II.

The Lhopa tribe of Tibet had a great marital custom. At the reception they ate the bridegroom's mother-in-law. Eskimos used to play dominoes for their wives. A lost wife often played the game to win herself back.

It hurts history to tell the truth. The Pilgrim fathers landed at Plymouth Rock because they ran out of beer. "We could not now take time for further search," their journal reads, "our victuals being very spent, especially our beer."

So the rummies hit a rock...

Business World

By JOHN CUNIFF
AP Business Analyst

NEW YORK (AP) — The lady thought a \$25 savings bond would make a nice gift for a favorite child, so she went to the bank and ordered one.

She found that Uncle Sam is a fussy old bureaucrat with as much Christmas spirit as Scrooge. And not much of a merchant either.

"What is your Social Security number?" the teller asked. She told the teller, assuming the number was required for routine, record-keeping purposes.

After paying \$18.75, which would mature to the face amount over a five-year period, she accepted the bond, made out to her young friend.

"Do you have a gift envelope or a card to go with it?" she asked. She was disappointed to hear that no such accompaniments were provided. "Wouldn't it have been nice if only a Christmas envelope were supplied?" she thought.

On arriving home she looked at the bond again. There, in bold typewritten letters sitting atop the name of the recipient, was her Social Security number. "What in the world for?" she wondered. "On a gift?"

She had a friend contact the Savings Bond Division of the U.S. Treasury. A spokesman there said that, yes, a Social Security number had to be included on every bond.

"Why?"

"It's for record-keeping purposes," he was told. He had thought so.

"But aren't the bonds numbered?" "Yes, but this is the way we retrieve the numbers. It's for the convenience of those people who look up the records."

Why, in an age of instant information retrieval, the number couldn't be computer-recorded, rather than stamped on the gift, wasn't explained.

It was explained, however, that the donor's number need not be stamped on the gift after all.

"You can have the recipient's number rather than your own printed on the bond," the spokesman said.

"But the child doesn't have a Social Security number."

"One can be opened in the child's name."

"But what if the child is only a friend? Would the donor of a gift want to intrude into another person's affairs?"

"This is a rule they've made and they're sticking to it," he said.

That ended that, but opened another subject.

"We have had some problems and complaints," the spokesman conceded. "There haven't been all those complaints, but some."

The bond-buyer meanwhile, had decided to return the bond, with misgivings. She had thought a bond would be patriotic. She liked the idea of a gift that would grow or, at least, at 6 per cent interest, not evaporate overnight.

But, she said, she emphatically did not like the idea of having her "brand" on a gift. "My name, yes," she said. "If it said the bond was from me to him it would be appropriate. But not my number."

She returned to the bank. "I'm sorry," the teller said, "but we cannot redeem this."

"Why not?" "Because it's made out to someone else."

The teller was only following regulations. She meant to be helpful. And she was.

"Take the bond to this address or call them up," she said, handing the bond-buyer a note that read: "Federal Reserve Bank, 33 Liberty Street, New York. Ask for Series E Bond Department."

Instead, Washington was contacted again.

"The Fed would have to give her special permission," the spokesman said. "I've never heard of a case in which they have."

"Then, what can..." "She can give the bond to the child. Once it's made out, the owner owns it, and that's it."

There was a pause. "Do you want the number of the people in Public Debt where the rule was made up?" he asked. "Drop it," said the caller.

Said the bond-buyer: "Merry Christmas, Uncle Sam."

Dear Editor:

I would like to take this opportunity to express my gratitude to the O.B. Staff at Berger Hospital and to remind the residents of Pickaway County of the fine facilities available to maternity patients in this area. I recently gave birth to a strong, healthy little boy and during my five day stay in the O.B. wing, I received excellent care. The nursing staff were extremely conscientious and very friendly.

I owe a special thanks to Michael J. Kirk M.D. for all his professional care and attention during my pregnancy and delivery. My entire family will be forever grateful to all those staff members who made my son's birth such a blessed event.

I strongly urge all prospective mothers to make plans now to utilize the O.B. facilities at Berger Hospital. We are very fortunate to have such fine doctors and nurses who are dedicated to helping make each patient's stay the most memorable event of her life.

Sincerely,

Can a severe fright turn the hair suddenly white?

Mrs. G. W., Iowa

Dear Mrs. W.: Every doctor has been told by some patient that fright, or a calamity, or a severe emotional upset has been responsible for suddenly turning the hair white.

Perhaps it is true, but there is no real scientific basis for it. Some drugs can hurry the graying process and give the impression of suddenness.

Severe illnesses and malnutrition can give the same impression. The pigment-producing cells at the root of the hair can, perhaps, be affected by fright. Even if this did happen the hair itself would not suddenly lose all its pigment and turn white.

A Page Of Opinion

Interval Of Confusion

There may be a flaw in the gap between an early November election of a President of the United States and his mid-January inauguration. Some time is required for an orderly change of administrations, but two and a half months may be too much.

As has been demonstrated during the current transition, a prolonged interval can prove embarrassing to both the outgoing and incoming presidents, and it also can serve as a point of contention between the two administrations.

Gerald Ford remains

President until January 20, but each major decision he makes, each policy pronouncement, each reaction to a world event is colored by the fact his days in office are drawing to a close and everyone from members of Congress to heads of other capitals knows it. Yet decisions have to be made daily. What has been properly called the world's toughest job cannot simply remain vacant for 10 weeks.

Jimmy Carter is faced with a similar problem. The President-elect is bombarded constantly in person and through his aides for his views on unfolding events.

Important diplomats want to see him to sound out his foreign policy views. Should he comment, either favorably or otherwise, on Ford administration actions?

Compounding all that, one of the first assignments a new president is handed is to review the work just completed by his predecessor—such as the next fiscal budget—and immediately begin making changes to suit his goals and priorities.

Much of the confusion and friction could be avoided if the interval between the vote and the installation were not so long.

Curious Stuff

By JIM BISHOP

It should be noted that I am a man addicted to monumental mistakes. When I make one, my friend, it is always a thing of beauty. When I began to edit Collier's magazine, the first thing I did was throw out a feature called "Freling Foster's Look At the World."

The column consisted of items such as the highest mountain, the deepest sea, the oldest human and the quaint mating habits of obscure tribes. Two weeks after I threw it out of the magazine, I was sorting through three large canvas sacks of protesting mail. The friendly readers referred to me as a knucklehead.

I reinstated the column and abused myself to one and all. Last week, Sterling Publishing sent me a book called "The Curious Book," by Arkady Leokum. Same thing. Don't tell me that you people out there don't love this stuff. It goes like this:

China had a law compelling doctors to hang a lighted lantern outside their homes for each patient they lost. The Durham Cathedral in England required 400 years to build. One town in America produced two presidents: Braintree, Mass., was the home of John Adams and John Quincy Adams.

In Nepal, they enshrine a living goddess. Hindu priests select a little girl as a symbol of purity. She is forced to live alone in a beautiful temple. When she reaches puberty, she is sent home with a lot of money. No one will marry her because she is considered bad luck.

Greenland is a misnomer. Nothing grows in the interior. It is an immense shelf of ice, often several thousand feet thick. If an ostrich is matched in a race with a fast horse, bet on the ostrich.

Jet travel does strange things to time. I spent all day Sunday in Tokyo and, the next day, spent all day Sunday in Honolulu. If you fly a Concorde from Paris to Washington, you will land an hour before you took off.

In Hong Kong, one of every 15 men, women and children are narcotics addicts. The Chinese use the front porch to dry laundry, the clothesline for drying fish.

More Americans between the ages of one and 14 die from accidents than from disease. Next to accidents, it is pneumonia and influenza which take the little ones away.

The tallest growing things are redwoods and sequoias. They are often 35 stories high. All that man lives on is contained in 18 inches of topsoil. It requires 9,000 pounds of grain to nourish 900 pounds of beef.

Centuries ago, a mean English landlord demanded rent of one red rose at Christmas and one snowball in

midsummer. The tenant now on the estate is still paying the same rent.

The Chinese love to organize. With 780 million people, they have no trouble calling every 30 families "a production team." Eight production teams make one work brigade. A dozen work brigades make one commune. Every commune has its own hospital. The lowest family member gets instantaneous medical care.

Buckingham Palace contains 602 rooms for Elizabeth, Philip, and the royal family. The median age of Miami Beach residents is 65. In Hammerfest, Norway, there is constant daylight for 73 days.

The battle between blacks and whites in Rhodesia hasn't resolved who gets custody of the elephants. There are 4,000 in Wankie Park. In New Caledonia, a girl is engaged to be married at birth.

The men most likely to be divorced

are actors, salesmen and musicians. Those with the most enduring marriages are clergymen, farmers and miners. In Tahiti, tipping is considered to be a form of begging.

When Queen Isabella staked Columbus to a free cruise to the New World all she gave him amounts to \$7,000 in today's currency. This will get around the world on the Q.E. II.

The Lhopa tribe of Tibet had a great marital custom. At the reception they ate the bridegroom's mother-in-law. Eskimos used to play dominoes for their wives. A lost wife often played the game to win herself back.

It hurts history to tell the truth. The Pilgrim fathers landed at Plymouth Rock because they ran out of beer. "We could not now take time for further search," their journal reads, "our victuals being very spent, especially our beer."

So the rummies hit a rock...

NEW YORK (AP) — The lady thought a \$25 savings bond would make a nice gift for a favorite child, so she went to the bank and ordered one.

She found that Uncle Sam is a fussy old bureaucrat with as much Christmas spirit as Scrooge. And not much of a merchant either.

"What is your Social Security number?" the teller asked. She told the teller, assuming the number was required for routine, record-keeping purposes.

After paying \$18.75, which would mature to the face amount over a five-year period, she accepted the bond, made out to her young friend.

"Do you have a gift envelope or a card to go with it?" she asked. She was disappointed to hear that no such accompaniments were provided. "Wouldn't it have been nice if only a Christmas envelope were supplied?" she thought.

Can a severe fright turn the hair suddenly white?

Mrs. G. W., Iowa

Dear Mrs. W.:

Every doctor has been told by some patient that fright, or a calamity, or a severe emotional upset has been responsible for suddenly turning the hair white.

Perhaps it is true, but there is no real scientific basis for it. Some drugs can hurry the graying process and give the impression of suddenness.

Severe illnesses and malnutrition can give the same impression. The pigment-producing cells at the root of the hair can, perhaps, be affected by fright. Even if this did happen the hair itself would not suddenly lose all its pigment and turn white.

Dear Abby:

By Abigail Van Buren

Who Sparks Those Office Parties?

DEAR ABBY: With Christmas coming soon, the same old problem for many of us wives is the Christmas office party-with no spouses invited! After quite a few years, I realize now, it's the WOMEN who promote these affairs. I honestly believe that most men don't care for these office parties, but the women engineer everything. They get the men to sign up for those catered lunches, which now begins at 11:30 a.m. and goes on forever. They get them to agree to exchanging gifts. Anything, just to get them to commit themselves.

The men go because if they don't, the other men will say they are henpecked. What's your opinion, Abby?

AGAINST CHRISTMAS PARTIES
DEAR AGAINST: More and more large companies are making Christmas parties a "family affair." Married employees are free to bring their spouses, and single ones may bring a date. In offices where mates and dates are not welcome, you can be sure a vote was taken, and the majority ruled. No one is forced to go to an office party. And that "henpecked" excuse is only good for chickens.

DEAR ABBY: I have a boyfriend (he's no "boy," he's a 45-year-old man) who has needed to see a dentist for at least three years that I've known about. His teeth are in terrible shape. Some are so rotten they are crumbling, and he has large spaces in his mouth where he's lost teeth and never had them replaced.

He even gets terrible toothaches and headaches because of the miserable shape his mouth is in. Yet he refuses to go to a dentist. He has made up all sorts of excuses, saying he's too busy, his dentist has a three-month waiting list, etc. Finally, he told me he can't

stand pain, and he can't take no-vocaine.

He looks awful, and it can't be good for his health. How do I get him to a dentist? I love him. He's too big, or I'd drug him and drag him there.

DESPERATE
DEAR DESPERATE: Forget the drugging and dragging, and turn to educating. Ask your dentist for written material on the new methods of painless dentistry.

If neither doctor nor dentist can impress upon your friend the importance of dental care, point out the futility in loving a man whose health is going downhill because of needless fear and ignorance.

DEAR ABBY: I am a widow in my early 60s. I live with my sister and her husband, but I am financially independent and pay my fair share.

When my sister and her husband are invited to someone's home for dinner, they say to me: "The So and So's have invited us to their home for dinner, and they said to bring Edith along if she's not doing anything."

Abby, would you consider that a proper invitation? When I tell my sister that I don't, she says, "It's good enough. People don't send engraved invitations for dinner."

Abby, would you accept one of those "bring Edith" invitations or not?

EDITH
DEAR EDITH: A "bring Edith" invitation is more than most widows who live with their sisters receive. I appreciate your sensitivity, but if I were you, I'd go and have a good time.

Everybody has a problem. What's yours? For a personal reply, write to ABBY: Box 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

Westfall Parent-Teacher Termed A Success By Board

During the Westfall Board of Education meeting Monday night, a report was given on the parent-teacher conference day held in the district. Also, the board employed three people, approved professional leaves and discussed the school closings for Christmas vacation.

The parent-teacher day, held Dec. 1, was very successful according to the report. The number of parents visiting schools in the district was greater than any previous year. The day was coordinated by head teachers or principals of each school.

The board employed Mrs. Charlotte Crites as a middle school home economics teacher. She has had five years of training and two years of experience. Also employed was Randy Williams as head track coach and Mrs. Sue Rhoades as substitute custodian. Substitute teacher list number five was approved by the board.

Personal leave was granted for two bus drivers for business matters and to four teachers. A professional day was approved for the librarian and library aids. They are attending a book fair at Wellston.

School will be dismissed early on Dec. 22 for Christmas vacation. The board approved departure time one and a half hours early on that day. The kindergarten schedule for Dec. 22 will be: morning session, 9 to 11:05 a.m. and afternoon session 12:05 to 2 p.m.

The board agreed to pay tuition for one student to attend Brooks-Yates School. Tutoring was approved for another student on a half day basis. The board was informed that the Title

One Developmental Reading Program will be reviewed by the state Department on Dec. 17.

The board set Jan. 4, 1977, 8 p.m., at the high school as the organizational meeting. Officers will be elected and the time of the board meetings will be discussed.

Thieves Break Into Vehicle

Thieves who broke into a car to take an FM converter were apparently frightened away before they could take a Citizen Band radio from the vehicle, according to Pickaway County Sheriff's Deputies.

The Audio Vox FM Converter, valued at \$25, was taken from the locked car of Vicki L. Sheets while it was parked in the driveway of her 91 Circle Ave., New Holland, home Tuesday between 12 noon and 1 p.m. Wires were cut to the unit.

A CB radio in the car was not taken, and the car's door was left open by the thieves.

Thieves took eight traps from Teays Valley FFA land near the Airbase Road.

The traps, valued at \$21.50, are owned by Jack Donaldson, 3055 Route 674 South, Ashville.

Deputy Sheriff Jim Deal charged 29-year-old John W. Washington with trespassing following a 3:10 p.m. incident.

According to the report, Ohio State Highway Patrol Trooper D. E. Zwyer saw the man enter a barn owned by John Timmons, Route 1, Lockbourne.

Washington apparently released horses into a field and two of the animals wandered onto Route 23, about a quarter of a mile south of Sheppard Road.

The animals were put back in the barn by the two officers.

Boy's Case Unresolved

CINCINNATI (AP) — The case of a 10-year-old Forest Park, Ohio, boy convicted of shooting a dog and firing into a crowd of students in a school yard, remains unresolved in Hamilton County Juvenile Court.

"There are few options open to the court when the child is that young, other than placing him in a foster home," said a juvenile court spokesman.

The child's parents voluntarily admitted the boy to Longview State Hospital for psychiatric treatment.

Forest Park police said the boy broke into a home Nov. 2 and stole a rifle and ammunition. He then fired three shots at a German shepherd dog, breaking its leg, police said. Two blocks away, the boy allegedly fired a fourth shot into a crowd of 40 children during recess at Forest Park Elementary School. None of them was injured, according to police.

Auto Registrar Reform Promoted

COLUMBUS, Ohio (AP) — County officials no longer would have to worry about receiving late and irregular auto license and registration funds from the state under a bill set for introduction in the next legislature. It would keep the funds at the county level.

Sen. Robert D. Freeman, D-29 Canton, a former Stark County commissioner who claims the bill is long overdue, also seeks to put the appointment of deputy registrars, who sell auto tags and driver's licenses, in the hands of county auditors.

Freeman stressed that his bill is not a result of current controversies and investigations concerning the bureau of motor vehicles in Columbus. He asked the Legislative Service Commission to draft the proposal last January, but sent it back to the LSC for revisions and received the current version only this month.

Freeman raises a question with present law which requires the state to distribute among local governments all of the revenues derived from licenses and registrations, for highway maintenance and repair, except for administrative costs. Why, he is asking, should the money be sent to Columbus at all?

Under his bill, which is going to stir controversy, he admits, county

auditors would contract with municipalities for deputy registrar services or appoint individual registrars. The appointments currently are made at the state level, traditionally on the basis of political patronage.

The Stark County lawmaker's bill presumably would transfer the patronage, along with the money, to the county level. "This would eliminate a whole layer of bureaucracy, and I know there will be a fight on it," he said.

His "local control" bill requires that the county auditor would transfer receipts from the deputy registrars directly to the county treasurer. Freeman said "in my opinion, there would be closer supervision of these funds by the local treasurers."

Several counties have been highly critical of the bureau of motor vehicles in recent months for its alleged failure to get the funds distributed on time. Tuscarawas is one where the complaints have been the most vocal.

Freeman said in 1974, his own county received four payments instead of one every month, as the law requires. In 1975, he said the payments were made only twice. "They (state officials)

were malfeasant eight times one year and malfeasant ten times the next," he said.

He said on one occasion, while he was commissioner, Stark County had to send a messenger to Columbus to pick up a late check for \$531,000 just in time to get road workers out on the job during a severe ice storm.

Temperatures have begun to moderate across Ohio after an unseasonably chilly three weeks.

Lows fell only into the upper 20s and 30s overnight, well above normal for this time of the year.

Some sunshine was to prevail across the state today, combining with southerly breezes to push afternoon readings into the 40s. Cloudiness will increase tonight and a few scattered light flurries will move into the state Thursday under the influence of a weak front expected to move through Ohio tonight and early Thursday.

Temperatures tonight will be about the same as this morning's. Highs Thursday will be a bit cooler than today's, reaching the upper 30s and 40s—about normal for mid-December.

News Of Interest To Women

6 The Circleville Herald, Wednesday December 15, 1976

Miss Gayla Diane Borton Bride Of Timothy S. Sines

MRS. TIMOTHY SHERWOOD SINES

Miss Gayla Diane Borton, daughter of Mr. and Mrs. Galen Borton, 1176 Bellflower Ave., Columbus, and Mr. Timothy Sherwood Sines, son of Mrs. A. Marion Sines, 92 Evergreen Ave., Circleville and the late Mr. Leo F. Sines, were united in marriage December 11.

The Rev. Father James C. Slack performed the double ring ceremony 11:30 a.m. at St. Philip's Episcopal Church in Circleville before the altar adorned with a fan arrangement of red and white carnations with huckleberry greenery and fern. White poinsettias flanked the cross and red poinsettias were in each window. White satin bows at the pews completed the decorations.

Mrs. Paul W. Teegardin, organist, presented a program of music preceding the ceremony and accompanied the singing of "Love Divine, All Loves Excelling" and "Praise To The Lord, The Almighty" during the administration of the sacrament of Holy Communion.

The bride was escorted to the altar by her father and given in marriage by her father and mother. For her wedding she selected a formal length gown of white silk organza designed with a portrait neckline and bishop sleeves with flounced cuffs. The form fitting empire bodice of alencon lace was banded at the high waistline with floral Venice lace. Matching lace accented the floral motifs on the front of the A-line skirt flowing into a chapel train bordered at the hemline with flounced organza. Lace motifs accented the sleeves and seed pearls enhanced the bodice. A high camelot headpiece designed to match the gown was adorned with seed pearls and held the bride's bouffant fingertip veil of imported English illusion bordered with floral Venice lace. She carried a bouquet of pink roses, white statice and baby's breath, backed with holly. Her only jewelry was a string of pearls, a gift of the bridegroom.

Mrs. Rosalie Ruth Thompson was matron of honor for her sister. She was attired in a full length gown of burgundy with ecru lace forming a ruffled yoke, high collar and panel down the front of the skirt. Matching lace cuffs completed the full length fitted sleeves. In her hair she wore a circlet of baby's breath with pink roses and carried a bouquet of pink sweetheart roses, white carnations and statice and holly tied with pink ribbon forming streamers.

Bridesmaids were Miss Mary Catherine Lorimer and Mrs. James Ingalls. They were gowned identically to the honor attendant and carried matching bouquets.

Miss Trish Ann Schmid was flower girl in a formal length gown matching that of the attendants with short sleeves edged in ecru lace. She carried a basket of rose petals with a single pink sweetheart rose.

Master Jay Thurston, nephew of the bridegroom, was ring bearer, carrying the rings on a lace edged white satin pillow.

Mr. Rod W. Sines of Chicago, Ill., served his brother as best man. Ushers were Mr. Paul Maher and Mr. Kevin Maher.

The bride's mother wore a long hot pink gown with bead trimming at the bodice and cuffs. The bridegroom's mother chose a champagne formal length gown with long cuffed sleeves and tiny pleats at the bodice. Corsages for both mothers were of white carnations and holly.

A reception in the Parish Hall immediately followed the ceremony. The all-white decorated three tiered wedding cake topped with a silver wedding cross, was surrounded by four smaller cakes each centered with a red rose. Red rosebuds, white carnations and huckleberry foliage were scattered on the white linen covered table. The punch bowls were surrounded with holly, red rosebuds and white carnations. Each window held vases of pink rosebuds and huckleberry foliage. Mistletoe was hung in the doorway.

Hostesses were Miss Tanis Morris, Miss Leslie McComas and Mrs. Teya Prachar.

As the couple left for a wedding trip to Orlando, Fla., the bride wore a deep rose velvet suit and a coordinating silk blouse with a self bow tie at the neckline. The couple will reside at 1335 Trade winds Drive, apt. 207, Columbus 43204.

The bride graduated from West High School in Columbus. She is currently employed at F and R Lazarus and is a student at the Ohio State University.

The bridegroom, a graduate of Circleville High School, attended the Ohio State University and is employed as a manager by McDonald's in Grove City.

Out-of-town guests at the wedding were from Ashville, Laurelville, Columbus, Findlay and Chillicothe, Ohio, and Chicago, Ill.

News Of Interest To Women

Miss Gayla Diane Borton Bride Of Timothy S. Sines

MRS. TIMOTHY SHERWOOD SINES

Miss Gayla Diane Borton, daughter of Mr. and Mrs. Galen Borton, 1176 Bellflower Ave., Columbus, and Mr. Timothy Sherwood Sines, son of Mr. A. Marion Sines, 92 Evergreen Ave., Circleville and the late Mr. Leo F. Sines, were united in marriage December 11.

The Rev. Father James C. Slack performed the double ring ceremony 11:30 a.m. at St. Philip's Episcopal Church in Circleville before the altar adorned with a fan arrangement of red and white carnations with huckleberry greenery and fern. White poinsettias flanked the cross and red poinsettias were in each window. White satin bows at the pews completed the decorations.

Mrs. Paul W. Teegardin, organist, presented a program of music preceding the ceremony and accompanied the singing of "Love Divine, All Loves Excelling" and "Praise To The Lord, The Almighty" during the administration of the sacrament of Holy Communion.

The bride was escorted to the altar by her father and given in marriage by her father and mother. For her wedding she selected a formal length gown of white silk organza designed with a portrait neckline and bishop sleeves with flounced cuffs. The form fitting empire bodice of alencon lace was banded at the high waistline with floral venice lace. Matching lace accented the floral motifs on the front of the A-line skirt flowing into a chapel train bordered at the hemline with flounced organza. Lace motifs accented the sleeves and seed pearls enhanced the bodice. Santa and the Giant Fighter

By Lucrece Beale

Synopsis: Billy makes friends with the dragon. He says if the dragon helps him to free the moon he can live in Santa Land forever. Together they stumble on the right words to open the moon box.

CHAPTER THIRTEEN GOKO IN A RAGE

"It's the magic words!" shouted the dragon. "Your own name has opened the box!"

Billy watched joyfully as the box opened wide and the big yellow moon bulged into the cave.

"How will we get it out?" he wailed. "We are three miles beneath the ground and it would never fit into the Go-Bucket."

"We'll go the way the giant brought me down here," wheezed the dragon.

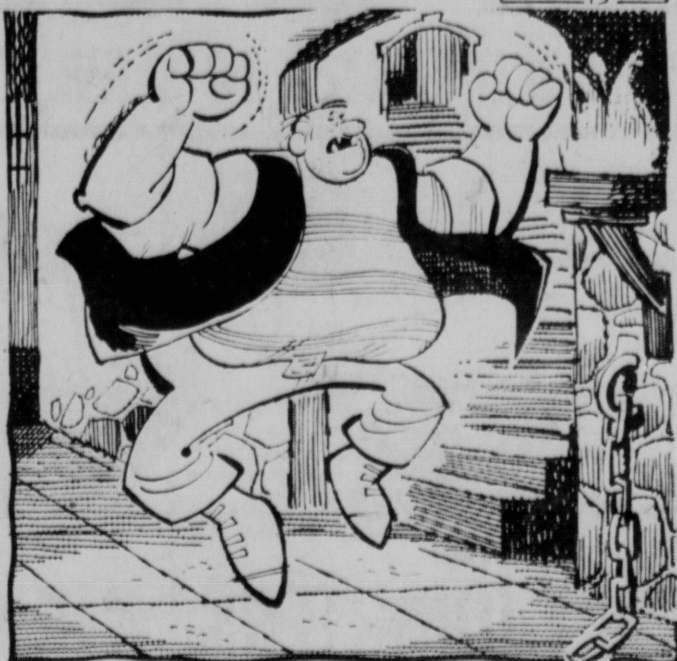

He was wheezing because the moon almost filled the cave and there was very little room to breathe. He pointed to a wide staircase leading out of the cave. "Push it up there!" he gasped.

Billy clambered into a corner and pushed and shoved the moon through the opening to the stairs. It was like trying to get a balloon through the eye of a needle. No matter how he pinched and twisted and tilted edges of the moon kept bulging and swelling back into the cave.

Then the dragon put all his weight behind Billy and wham! the moon plopped into the staircase. Billy and the dragon squeezed onto the steps behind the moon. The dragon stepped on a button and the staircase started moving. They shot up faster than the Go-Bucket had come down and before Billy could catch his breath they reached the surface.

The moon burst out of the hole and sailed off into the sky.

The dragon thumped his tail up and down. "Now do you think I can live in Santa Land?" he asked.

Goko was enraged. "Idiots! Bunglers!" he roared.

"I am sure of it," said Billy. "But you must make your way there alone for I am off to slay the wicked giant."

He put on the slippers the Harp Witch had given to Santa, waved goodbye to the happy dragon and strode away.

Meantime at the giant's castle all was pandemonium. Goko had awakened just in time to see the moon setting beyond the sea. He howled the castle awake. He tramped through the halls bellowing and squalling and smashing furniture.

When the other giants heard him coming they hid under their beds. They locked themselves in closets. They climbed up the chimneys. They cowered under the piano.

It made no difference. Goko found them. He thrashed them with his club and bashed their heads together and threw them down the stairs.

They begged him to tell them what caused his displeasure.

"Idiots! Bunglers!" he roared. "You have let the moon go free. Now my life is in danger for the

Fairy Queen said I would be slain by the light of the moon."

"But, master," quavered a quivering mouse of a giant. "We can catch the moon when it sets again tomorrow!"

"And what of tonight?" screamed Goko. "The moon will shine the whole night long!"

"But, sure," sputtered a second trembling giant. "The Fairy Queen said a boy will slay you and there is no boy here!"

"You are all boys!" shouted Goko. "You are pigeon-hearted, milk-livered pygmies, everyone!"

"Yes, your majesty," whimpered a twitching giant. "But the Queen said it would be a real live human boy and there's never been such a one in this land."

"True," snarled Goko, "and it will be your job to see there never is. Set guards at every door and window. You will get no food and no sleep until this day and night are over."

The giants nodded dumbly and stumbled away to guard the castle.

Atwater School Has New Cub Scout Pack

A new Cub Scout Pack was recently formed by the sponsoring Atwater PTB.

The pack, initiated through the Pickaway District of the Boy Scouts of America, provides an opportunity for 8 to 10-year-old boys to learn skills, participate in teamwork, and have fun while earning various achievement ranks.

Pack No. 235 is currently composed of 32 boys. The eight and nine-year-olds are members of two dens and the 10-year-old boys belong to a Webelos den.

These dens meet every Tuesday after school. All the dens participate in a regular pack meeting which is held on the second Thursday of each month at the school.

Cubmaster for the pack is Robert Kettering who previously served as a cubmaster in the Dayton area. James Richardson is the assistant cubmaster and Webelos den leader. The other den leaders are Mrs. Betty Jenkins and Mrs. Carol Kettering.

These four people plus Larry Priest, Bob Kuhlwein and Fred Armstrong are the members of the unit committee.

The pack is open to boys ages eight to ten who are interested in scouting. There is a need for more den mothers due to the large size of the pack. Those who wish to participate in this

program may call Robert Kettering or Larry Priest.

The Pickaway District welcomes any organization interested in a youth program to consider sponsoring a scouting unit. Information may be obtained by calling Bud Grissom 474-5931; Jim Shank 474-7028; or Marty Sharrett 474-5247.

Anyone who would like to donate old boy scout or cub scout uniforms may take them to the Pickaway Arms Restaurant, 115 E. Mound St.

At the December meeting of Pickaway County React eight new members were voted into the team.

Elections were held and John Leist was elected President; Ginnie Sherman, vice president; Marylou Betts, secretary; David Willison, treasurer; and Roy Hardesty, 3-year trustee.

The Christmas party was held at the K. of P. hall in Stoutsville. Door prizes were won by Faye Smith and Michael Hardesty.

There are more than 3.5 million maps and charts, 38,000 atlases, 250 globes and some 500 three-dimensional relief maps in the Geography and Map Division of the Library of Congress in Washington, D.C.

Cop Tickets Own Vehicle

GARDEN CITY, Mich. (AP) — Garden City policeman Tom Swider lent his car to his 17-year-old sister and then ticketed her for driving with broken brake lights.

"I thought it was kind of funny," said Annette Swider, who borrowed the car to take some friends to a play. She said she wasn't aware the brake lights didn't work.

Miss Swider said she was returning the car Sunday afternoon when she noticed her brother driving behind.

Both cars pulled over, and Swider asked her to test the directional signals and brake pedal — then wrote the ticket.

Because of a provision for cancelling tickets if vehicle defects are corrected before the court date, Miss Swider won't have to pay a fine. Her brother fixed the lights Sunday.

NFO Adopts Price Goals

Based on actual cost of production figures turned in by hundreds of delegates and members, the NFO annual convention in Milwaukee has adopted price goals for farm products representing what they regard as cost of production plus a reasonable profit.

There are an estimated 8000 delegates and members attending the convention.

The price goals, announced by President Oren Lee Staley after three days of commodity meetings to agree on costs and methods of achieving fair prices through collective bargaining, were:

Milk: \$12.75 per hundredweight for bottling grade and \$11.80 per hundredweight for manufacturing.

Wheat: \$4.95 per bushel for hard red winter, other kinds priced in relation to it.

Corn: \$3.20 per bushel.

Soybeans: \$7.55 per bushel.

Fat Cattle: \$65.25 per hundred weight on the basis of choice 1000 pound steers.

Feeder Cattle: \$69.50 per hundredweight based on 500 lb. choice steer calves.

Hogs: \$53.50 per hundredweight.

Lambs: \$59.05 per hundredweight.

Cotton: 79 cents per pound.

Edible Beans: \$24.50 per hundredweight.

The NFO "cost of production plus a reasonable profit" price goals came out quite close to 100 per cent of parity, the fair price standard in federal farm laws which is based on 1910-1914 farm cost and price relationships — a period that lawmakers considered fair when it was adopted in the Thirties.

The NFO wheat price of \$4.95 per bushel compares to a \$4.86 parity price as of November 15 and actual prices received by farmers on Nov. 15, as reported by USDA, at only \$2.46 per bushel.

The NFO milk price goals of \$12.75 for bottling and \$11.80 per hundredweight for manufacturing compare to USDA's parity price figure of \$12.10 average for both classes.

Parity for corn November 15 was \$3.26 according to USDA. The NFO goal is \$3.20 and price actually received by farmers Nov. 15 was reported at \$2.02 per bushel.

"We have now established price goals," President Oren Lee Staley told the NFO convention. "Our job for the next four or five months is to enroll members and their production nationwide to unite at least 30 per cent of the Nation's production and then, if we don't get our price goals, hold our production on farms until we do."

Those who attended the Convention from Pickaway County were Mr. and Mrs. Tom F. Conrad, Mr. and Mrs. Bill Davis, Mr. and Mrs. Joe Carle, Mr. and Mrs. Lawrence Carle and Mr. and

Mrs. Ed Conrad. A full report on the convention will be given at the regular county dinner meeting December 21, 7 p.m. at the Pickaway Arms. The meeting begins at 8 p.m. For dinner reservations call Mrs. Joe Carle, Mildred Davis, or Joyce Conrad. Chaney Vance will be present to discuss the Farm Credit situation. Others are welcome.

Santa and the Giant Fighter

By Lucrece Beale

Synopsis: Billy makes friends with the dragon. He says if the dragon helps him to free the moon he can live in Santa Land forever. Together they stumble on the right words to open the moon box.

CHAPTER THIRTEEN GOKO IN A RAGE

"It's the magic words!" shouted the dragon. "Your own name has opened the box!"

Billy watched joyfully as the box opened wide and the big yellow moon bulged into the cave.

"How will we get it out?" he waited. "We are three miles beneath the ground and it would never fit into the Go-Bucket."

"We'll go the way the giant brought me down here," wheezed the dragon.

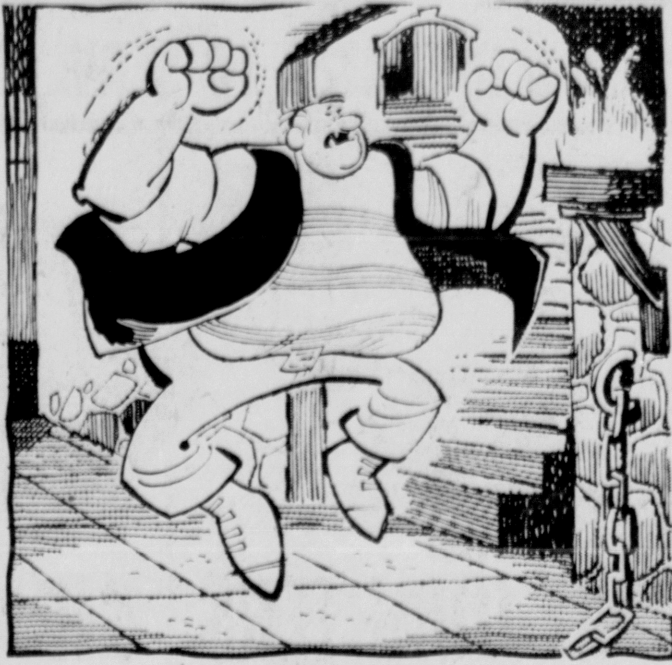

He was wheezing because the moon almost filled the cave and there was very little room to breathe. He pointed to a wide staircase leading out of the cave. "Push it up there!" he gasped.

Billy clambered into a corner and pushed and shoved the moon through the opening to the stairs. It was like trying to get a balloon through the eye of a needle. No matter how he pinched and twisted and tilted edges of the moon kept bulging and swelling back into the cave.

Then the dragon put all his weight behind Billy and wham! the moon plopped into the staircase. Billy and the dragon squeezed onto the steps behind the moon. The dragon stepped on a button and the staircase started moving. They shot up faster than the Go-Bucket had come down and before Billy could catch his breath they reached the surface.

The moon burst out of the hole and sailed off into the sky.

The dragon thumped his tail up and down. "Now do you think I can live in Santa Land?" he asked.

Goko was enraged. "Idiots! Bunglers!" he roared.

"I am sure of it," said Billy. "But you must make your way there alone for I am off to slay the wicked giant."

He put on the slippers the Harp Witch had given to Santa, waved goodbye to the happy dragon and strode away.

Meantime at the giant's castle all was pandemonium. Goko had awakened just in time to see the moon setting beyond the sea. He howled the castle awake. He tramped through the halls belching and snoring and smashing furniture.

When the other giants heard him coming they hid under their beds. They locked themselves in closets. They climbed up the chimneys. They cowered under the piano.

It made no difference. Goko found them. He thrashed them with his club and bashed their heads together and threw them down the stairs.

They begged him to tell them what caused his displeasure.

"Idiots! Bunglers!" he roared. "You have let the moon go free. Now my life is in danger for the

Fairy Queen said I would be slain by the light of the moon."

"But, master," quavered a quivering mouse of a giant. "We can catch the moon when it sets again tomorrow!"

"And what of tonight?" screamed Goko. "The moon will shine the whole night long!"

"But, sire," sputtered a second trembling giant. "The Fairy Queen said a boy will slay you and there is no boy here!"

"You are all boys!" shouted Goko. "You are pigeon-hearted, milk-livered pygmies, everyone!"

"Yes, your majesty," whimpered a twitching giant. "But the Queen said it would be a real live human boy and there's never been such a one in this land."

"True," snarled Goko, "and it will be your job to see there never is. Set guards at every door and window. You will get no food and no sleep until this day and night are over."

The giants nodded dumbly and stumbled away to guard the castle.

NFO Adopts Price Goals

Based on actual cost of production figures turned in by hundreds of delegates and members, the NFO annual convention in Milwaukee has adopted price goals for farm products representing what they regard as cost of production plus a reasonable profit.

There are an estimated 8000 delegates and members attending the convention.

The price goals, announced by President Oren Lee Staley after three days of commodity meetings to agree on costs and methods of achieving fair prices through collective bargaining, were:

Milk: \$12.75 per hundredweight for bottling grade and \$11.80 per hundredweight for manufacturing.

Wheat: \$4.95 per bushel for hard red winter, other kinds priced in relation to it.

Corn: \$3.20 per bushel.
Soybeans: \$7.55 per bushel.

Fat Cattle: \$65.25 per hundred weight on the basis of choice 1000 pound steers.

Feeder Cattle: \$69.50 per hundredweight based on 500 lb. choice steer calves.

Hogs: \$53.50 per hundredweight.
Lamb: \$59.05 per hundredweight.
Cotton: 79 cents per pound.

Edible Beans: \$24.50 per hundredweight.

The NFO "cost of production plus a reasonable profit" price goals came out quite close to 100 per cent of parity, the fair price standard in federal farm laws which is based on 1910-1914 farm cost and price relationships—a period that lawmakers considered fair when it was adopted in the Thirties.

The NFO wheat price of \$4.95 per bushel compares to a \$4.86 parity price as of November 15 and actual prices received by farmers on Nov. 15, as reported by USDA, at only \$2.46 per bushel.

The NFO milk price goals of \$12.75 for bottling and \$11.80 per hundredweight for manufacturing compare to USDA's parity price figure of \$12.10 average for both classes.

Parity for corn November 15 was \$3.26 according to USDA. The NFO goal is \$3.20 and price actually received by farmers Nov. 15 was reported at \$2.02 per bushel.

"We have now established price goals," President Oren Lee Staley told the NFO convention. "Our job for the next four or five months is to enroll members and their production nationwide to unite at least 30 per cent of the Nation's production and then, if we don't get our price goals, hold our production on farms until we do."

Those who attended the Convention from Pickaway County were Mr. and Mrs. Tom F. Conrad, Mr. and Mrs. Bill Davis, Mr. and Mrs. Joe Carle, Mr. and Mrs. Lawrence Carle and Mr. and

Mrs. Ed Conrad. A full report on the convention will be given at the regular county dinner meeting December 21, 7 p.m. at the Pickaway Arms. The meeting begins at 8 p.m. For dinner reservations call Mrs. Joe Carle, Mildred Davis, or Joyce Conrad. Chaney Vance will be present to discuss the Farm Credit situation. Others are welcome.

Atwater School Has New Cub Scout Pack

A new Cub Scout Pack was recently formed by the sponsoring Atwater PTB.

The pack, initiated through the Pickaway District of the Boy Scouts of America, provides an opportunity for 8 to 10-year-old boys to learn skills, participate in teamwork, and have fun while earning various achievement ranks.

Pack No. 235 is currently composed of 32 boys. The eight and nine-year-olds are members of two dens and the 10-year-old boys belong to a Webelos den.

These dens meet every Tuesday after school. All the dens participate in a regular pack meeting which is held on the second Thursday of each month at the school.

Cubmaster for the pack is Robert Kettering who previously served as a cubmaster in the Dayton area. James Richardson is the assistant cubmaster and Webelos den leader. The other den leaders are Mrs. Betty Jenkins and Mrs. Carol Kettering.

These four people plus Larry Priest, Bob Kuhlwein and Fred Armstrong are the members of the unit committee.

The pack is open to boys ages eight to ten who are interested in scouting. There is a need for more den mothers due to the large size of the pack. Those who wish to participate in this

program may call Robert Kettering or Larry Priest.

The Pickaway District welcomes any organization interested in a youth program to consider sponsoring a scouting unit. Information may be obtained by calling Bud Grissom 474-5931; Jim Shank 474-7028; or Marty Sharrett 474-5247.

Anyone who would like to donate old boy scout or cub scout uniforms may take them to the Pickaway Arms Restaurant, 115 E. Mound St.

At the December meeting of Pickaway County React eight new members were voted into the team.

Elections were held and John Leist was elected President; Ginnie Sherman, vice president; Marylou Betts, secretary; David Willison, treasurer; and Roy Hardesty, 3-year trustee.

The Christmas party was held at the K. of P. hall in Stoutsville. Door prizes were won by Faye Smith and Michael Hardesty.

There are more than 3.5 million maps and charts, 38,000 atlases, 250 globes and some 500 three-dimensional relief maps in the Geography and Map Division of the Library of Congress in Washington, D.C.

Cop Tickets Own Vehicle

GARDEN CITY, Mich. (AP) — Garden City policeman Tom Swider lent his car to his 17-year-old sister and then ticketed her for driving with broken brake lights.

"I thought it was kind of funny," said Annette Swider, who borrowed the car to take some friends to a play. She said she wasn't aware the brake lights didn't work.

Miss Swider said she was returning the car Sunday afternoon when she noticed her brother driving behind.

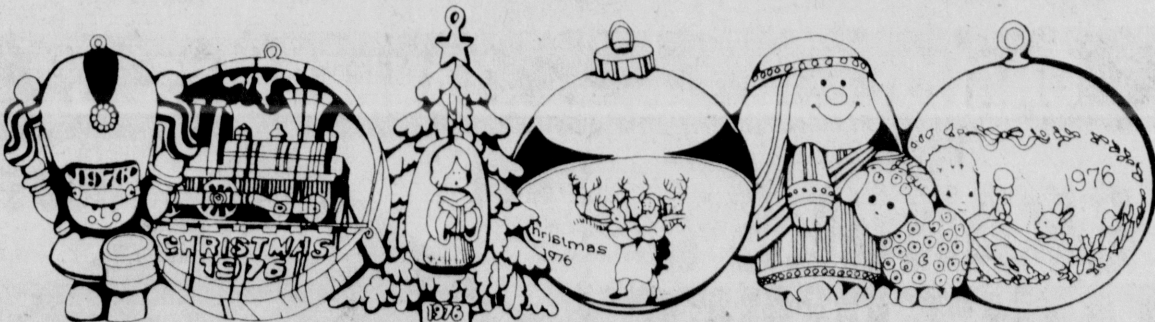

Both cars pulled over, and Swider asked her to test the directional signals and brake pedal — then wrote the ticket.

Because of a provision for cancelling tickets if vehicle defects are corrected before the court date, Miss Swider won't have to pay a fine. Her brother fixed the lights Sunday.

Bond Issue Discussed By Teays Valley Board

The special election for a bond issue was discussed at length Monday night at the Teays Valley Board of Education meeting. The resolution of necessity was passed at the November meeting. Voters will be asked to decide on the same package that was presented to them at the last election.

Toledo School Funding Crisis Worse In '77

TOLEDO, Ohio (AP) — The Toledo school board, in the midst of a 13-day school closing because of a \$3.5 million budget deficit, instructed its superintendent Tuesday to propose savings for next year's budget.

That document projects an even larger deficit than this year's.

Supt. Frank Dick was told to draw up a list of "economies and cuts" that would not affect basic education programs or the district's contract with unions.

The board had been reluctant to consider cuts because it wanted to preserve the level and extent of its programs. Board members, however, admitted that these economies would be only a stopgap measure until a levy increase is approved or another way is found to finance the schools.

On Nov. 2, voters rejected a 7.7-mill tax increase, the third time in a year that a levy increase had been defeated. This forced the board to close the schools after Dec. 3 until Jan. 3.

The board was told at a special session—held at a city branch library because the school administration building along with the schools was closed—that keeping the existing programs and personnel at the same level as this year would result in nearly a \$13 million deficit in 1977.

Board President Dr. Robert Jackson said the board either has to make some cuts or it will have to shut down as early as October next year.

But school board member Genie Waggoner said that school patrons want economies but don't want to see such programs as athletics and bands cut.

Specific measures to save money will be considered at the board's regular meeting next Tuesday.

Board President Dr. Robert Jackson said the board either has to make some cuts or it will have to shut down as early as October next year.

But school board member Genie Waggoner said that school patrons want economies but don't want to see such programs as athletics and bands cut.

Specific measures to save money will be considered at the board's regular meeting next Tuesday.

Included in the package will be a junior high school for the seventh and eighth grades, additional classrooms, storage areas and sewage treatments for both Walnut and Scioto Schools, classrooms, cafeteria and kitchen at Ashville and additional locker room, storage space and special education classrooms at the high school. The special election will be held March 22 for those people in the school district.

Professional leaves were approved by the board as well as a supplemental contract for remuneration of course work.

Bids were considered on three used buses in the district. Out of the five bidders, the Loudenville W. Va. Baptist Church was high bidder for two buses and Cedar Hill United Methodist Church was the third high bidder. These were accepted by the board.

A learning disabilities tutorial program at the junior high school will become effective at the beginning of the second semester. Also accepted by the board was the insurance rates for hospital, surgical and major medical for next year.

The idea was discussed with a group of boosters about the idea of that organization construction locker rooms and storage facilities for outside sports.

Tentative plans were discussed for the bus maintenance garage, district operated. The board is still interviewing perspective mechanics. Members are also negotiating for the garage space presently. Benis Lutz, superintendent, thinks the facility and hiring should be completed shortly after the first of the year.

More information was provided in regard to the easement granted to the Commercial Point Men's Club.

Finances for the upcoming year were reviewed and the state foundation program, present and future, was reviewed. The board was also given a policy manual with a new codification system to review for further discussion at the January meeting.

Directly before principals reported on relevant matters of the schools, the board discussed the repairing or upgrading of the master intercom system at the high school and perhaps the gymnasium at Ashville.

The reorganizational meeting of the board has been set by the board for Jan. 10, 8 p.m., at the high school building.

Rain Falls In Southeast

By THE ASSOCIATED PRESS
Rain falling over much of the Southeast was expected to diminish in the lower Mississippi valley today but to continue along the south Atlantic coast.

Skies were cloudy over the northern portions of the Great Lakes, New England and the Pacific coast, but were clear or partly cloudy elsewhere.

Windy conditions persisted in much of the Northeast under the influence of a strong low pressure center in Canada. Gusts reached 59 m.p.h. in Buffalo, N.Y. and 50 m.p.h. in Burlington, Vt.

There were gale warnings for Lake Huron, Lake Ontario and eastern Lake Erie and along the New England coast. The winds were bringing much warmer temperatures to the area. In

the north Atlantic states temperatures are in the 20s and 30s compared with the single digit and below-zero readings the night before.

Overnight temperatures ranged from 77 at Key West, Fla. to 2 above at Craig, Co.

Ford, Family Set Vail Vacation

VAIL, Colo. (AP) — President Ford and his family will spend a 10-day Christmas holiday here despite little snow and poor skiing.

As the Fords have done since he became president, they will rent the home of friend Richard Bass, which is easier for the Secret Service to protect than Ford's own condominium.

"The reason we have two ears and one mouth, is so we may listen more and talk less."

The United Methodist Men's Club met in the Fellowship Hall Thursday evening for their December meeting. Ross Crego showed slides of Germany.

Dec. 11, the Ladies from the Methodist Church prepared the Christmas dinner for the Purina Company at the Grange in Circleville.

Saturday a large group from the Grace Free Will Baptist Church, and Norma Corry went carolling through Monterey Nursing Inn, and gave each resident a gift.

Later in the evening the Rev. William Murray brought the message in the church, and all went to the school house for a Christmas party.

Jim Corry played "Santa Claus" Saturday evening at the Franklin County Coon-Hunter's Club's

Y Pre School Programs Set

REVIEW MATERIALS — Teachers Marsha Kowalski (left), and Ethel Maze (right), are shown with Marilyn Scranton looking over some of the material used in the 1977 Pre-School and Y-Tots programs at the YMCA.

Marilyn Scranton director of the YMCA pre-school programs announced that the 1977 winter session pre-school programs will begin on Jan. 3.

Recovery Findings Announced

COLUMBUS, Ohio (AP) — Unallowable expenditures from student activity funds resulted in findings for recovery totaling \$2,536 in an audit of the Southwest Local school district in Hamilton County, the state auditor's office reported.

Of that amount, findings for recovery totaled \$2,029 against Harrison High School personnel and represented unallowable expenditures for food and gifts and unauthorized payments to athletic personnel for meetings.

Ferguson said all findings in the school district audit, for the period July 1, 1972 to Dec. 31, 1975, were in favor of accounts from which the money was misspent.

In another audit, eight findings for recovery totaling \$4,680 were reported in an audit of the Medina County Park District.

The auditor also said that the audit, conducted for Jan. 1, 1972 to March 31, 1976, showed that no receipts were issued for money received by the district and an improper receipts journal was maintained.

The examiner also noted that former district Director Barry Muha entered into lease and note agreements for the district, contrary to state law which gives that authority to the park board.

The largest finding was against the Board of Park Commissioners in the amount of \$1,384 for payment of interest on a 1974 note with 1975 funds. The examiner said the money should have been appropriated in 1974.

GM Sees Record Sales In 1977

DETROIT (AP) — As the auto industry reported its strongest sales pace for an early December in seven years, General Motors Corp. on Tuesday predicted record U.S. car and truck sales in 1977.

In contrast to trimmed forecasts issued recently by other automakers, GM Chairman Thomas A. Murphy said he was raising his estimate 250,000 units to nearly 14.8 million domestic and imported sales next year.

The current record of 14.6 million vehicles came in 1973 and was followed by a severe two-year recession.

Murphy also announced a record \$3 billion in capital expenditures planned for 1977, up 25 per cent from an estimated \$2.4 billion spent for facilities and tools this year.

"We have made this commitment to growth because we are convinced the prospects for the economy and the automobile industry in the year ahead are very favorable," he said. "Our confidence has not been diminished at all, nor has the consumer's confidence, which is all important."

Meanwhile, the four U.S. automakers reported car sales during the Dec. 1-10 period totaled 211,528, up 1 percent from a year ago. The daily rate of 23,503 units was the highest for the period since 1969.

"It's not a spectacular performance, but it's good for this time of year and shows considerable improvement over the daily tempo we'd expect," said one industry analyst.

Ironically, GM, which has been leading the industry's recovery, reported a 1 per cent decline in early December sales from a year ago, its first period decline since August 1975. GM blamed the drop on a Chevrolet dealer contest a year ago which produced strong sales, adding that sales in the full month would be "considerably better" than last year.

Ford Motor Co. reported a 5 per cent sales gain for the period, its first increase since midSeptember, when it was struck for 28 days by the United Auto Workers.

Chrysler Corp., which reported a 9 per cent increase, said Tuesday it was revising its assembly schedules for January to increase light duty truck and sport utility model production. It also said it would close two plants the week of Jan. 3 to balance inventories of its Volare and Aspen models.

American Motors Corp. posted a 23 per cent sales decline for the early December period. Small-car specialist AMC, which has been in a deep slump all year, said Gremlin and Pacer sales in the past month have gone up 19 per cent over the previous month because of a \$253 price cut and rebates.

For the year-to-date, industry sales are up 22 per cent from 1975. Chrysler is up 31 per cent, GM 27 per cent and Ford 13 per cent, while AMC was off 24 per cent.

Murphy said domestic and foreign vehicle sales in the United States this year would total 13.3 million, up 20 per

cent from 1975. He predicted car sales next year would be 11.25 million and trucks 3.5 million, compared with estimated 1976 sales of 10.1 million cars and a record 3.2 million trucks.

Valiquette Heads Panel

COLUMBUS, Ohio (AP) — Sen. Margiene Valiquette, D-11 Toledo, will chair the powerful Senate Judiciary Committee, Senate aides confirmed today.

Miss Valiquette, an attorney, will relinquish her post as chairwoman of the Ways and Means Committee, to take over the new assignment when the 112th General Assembly convenes next month.

Sen. David L. Headley, D-28 Barberton, present judiciary chairman, did not run for reelection and will return to his law practice in Summit County.

Miss Valiquette, a liberal, succeeded in moving several key bills, including utility rate law and property tax revision, through her panel during the present session. Her replacement as Ways and Means leader has not been announced.

'Scrooge' Blocks CB Air Waves

SPOKANE, Wash. (AP) — "Scrooge" is jamming the airwaves to cut off communications with Santa Claus, says an angry citizen band radio operator.

The operator said a CB user using the name of the Charles Dickens character kept talking on Channel 10 during an hour informally reserved for children's messages to Santa.

The "North Pole Radio Network" was forced to switch to another channel so youngsters could get their requests through to St. Nick, the operator said.

He said import car sales this year would total about 1.5 million and be about the same in 1977.

Ford this week cut its 1977 sales forecast by 300,000 units to 14.3 million, citing low interest in small cars and shortages of big ones. Chrysler previously lowered its car sales estimate by 200,000 units.

Y Pre School Programs Set

REVIEW MATERIALS — Teachers Marsha Kowalski (left), and Ethel Maze (right), are shown with Marilyn Scranton looking over some of the material used in the 1977 Pre-School and Y-Tots programs at the YMCA.

Marilyn Scranton director of the YMCA pre-school programs announced that the 1977 winter session pre-school programs will begin on Jan. 3.

Recovery Findings Announced

COLUMBUS, Ohio (AP) — Unallowable expenditures from student activity funds resulted in findings for recovery totaling \$2,536 in an audit of the Southwest Local school district in Hamilton County, the state auditor's office reported.

Of that amount, findings for recovery totaled \$2,029 against Harrison High School personnel and represented unallowable expenditures for food and gifts and unauthorized payments to athletic personnel for meetings.

Ferguson said all findings in the school district audit, for the period July 1, 1972 to Dec. 31, 1975, were in favor of accounts from which the money was misspent.

In another audit, eight findings for recovery totaling \$4,680 were reported in an audit of the Medina County Park District.

The auditor also said that the audit, conducted for Jan. 1, 1972 to March 31, 1976, showed that no receipts were issued for money received by the district and an improper receipts journal was maintained.

The examiner also noted that former district Director Barry Muha entered into lease and note agreements for the district, contrary to state law which gives that authority to the park board.

The largest finding was against the Board of Park Commissioners in the amount of \$1,384 for payment of interest on a 1974 note with 1975 funds. The examiner said the money should have been appropriated in 1974.

The pre-school which meets on Monday, Wednesday and Friday is for children who were four years of age by Sept. 30, 1976. This class stresses a strong pre-kindergarten program, thus, pupils should be those who will begin Kindergarten in September of 1977.

The winter pre-school program includes crafts, physical education activities, simple number concepts, colors, shapes, alphabet recognition, songs and singing games.

The Y tots meet on Tuesday and Thursdays and will be for children who have reached the age of three by Sept. 30, 1976. This class has all kinds of crafts with learning activities geared to this young age.

These classes will progress from our fall sessions but newly enrolled students have no difficulty in catching up.

All interested persons are asked to stop by the YMCA office, as these classes soon reach the maximum enrollment.

Supply Of Gas Cut In Indiana

INDIANAPOLIS (AP) — Three months of unusually cold weather finally caught up with Indiana Gas Co., prompting the utility to order natural gas cutbacks of up to 30 per cent for 204 of its biggest users.

"This reminds us of the oil embargo days," said Thomas Kibler, director of the Indiana Energy Office, who has been swamped with calls for help from the affected customers.

The curtailments — the first major ones in central Indiana — will begin Wednesday. They could last through January, depending on the severity of the weather and supplies of natural gas, said Indiana Gas President J.F. Kavanagh.

Residential customers won't be affected unless there is a 40-50 per cent curtailment of gas supplies coming into the state — which Kibler says is unlikely.

GM Sees Record Sales In 1977

DETROIT (AP) — As the auto industry reported its strongest sales pace for an early December in seven years, General Motors Corp. on Tuesday predicted record U.S. car and truck sales in 1977.

In contrast to trimmed forecasts issued recently by other automakers, GM Chairman Thomas A. Murphy said he was raising his estimate 250,000 units to nearly 14.8 million domestic and imported sales next year.

The current record of 14.6 million vehicles came in 1973 and was followed by a severe two-year recession.

Murphy also announced a record \$3 billion in capital expenditures planned for 1977, up 25 per cent from an estimated \$2.4 billion spent for facilities and tools this year.

"We have made this commitment to growth because we are convinced the prospects for the economy and the automobile industry in the year ahead are very favorable," he said. "Our confidence has not been diminished at all, nor has the consumer's confidence, which is all important."

Meanwhile, the four U.S. automakers reported car sales during the Dec. 1-10 period totaled 211,528, up 1 percent from a year ago. The daily rate of 23,503 units was the highest for the period since 1969.

"It's not a spectacular performance, but it's good for this time of year and shows considerable improvement over the daily tempo we'd expect," said one industry analyst.

Ironically, GM, which has been leading the industry's recovery, reported a 1 per cent decline in early December sales from a year ago, its first period decline since August 1975. GM blamed the drop on a Chevrolet dealer contest a year ago which produced strong sales, adding that sales in the full month would be "considerably better" than last year.

Ford Motor Co. reported a 5 per cent sales gain for the period, its first increase since mid-September, when it was struck for 28 days by the United Auto Workers.

Chrysler Corp., which reported a 9 per cent increase, said Tuesday it was revising its assembly schedules for January to increase light duty truck and sport utility model production. It also said it would close two plants the week of Jan. 3 to balance inventories of its Volare and Aspen models.

American Motors Corp. posted a 23 per cent sales decline for the early December period. Small-car specialist AMC, which has been in a deep slump all year, said Gremlin and Pacer sales in the past month have gone up 19 per cent over the previous month because of a \$253 price cut and rebates.

For the year-to-date, industry sales are up 22 per cent from 1975. Chrysler is up 31 per cent, GM 27 per cent and Ford 13 per cent, while AMC was off 24 per cent.

Murphy said domestic and foreign vehicle sales in the United States this year would total 13.3 million, up 20 per

cent from 1975. He predicted car sales next year would be 11.25 million and trucks 3.5 million, compared with estimated 1976 sales of 10.1 million cars and a record 3.2 million trucks.

Valiquette Heads Panel

COLUMBUS, Ohio (AP) — Sen. Margiene Valiquette, D-11 Toledo, will chair the powerful Senate Judiciary Committee, Senate aides confirmed today.

Miss Valiquette, an attorney, will relinquish her post as chairwoman of the Ways and Means Committee, to take over the new assignment when the 112th General Assembly convenes next month.

Sen. David L. Headley, D-28 Barberton, present judiciary chairman, did not run for reelection and will return to his law practice in Summit County.

Miss Valiquette, a liberal, succeeded in moving several key bills, including utility rate law and property tax revision, through her panel during the present session. Her replacement as Ways and Means leader has not been announced.

'Scrooge' Blocks CB Air Waves

SPOKANE, Wash. (AP) — "Scrooge" is jamming the airwaves to cut off communications with Santa Claus, says an angry citizen band radio operator.

The operator said a CB user using the name of the Charles Dickens character kept talking on Channel 10 during an hour informally reserved for children's messages to Santa.

The "North Pole Radio Network" was forced to switch to another channel so youngsters could get their requests through to St. Nick, the operator said.

County Teams Head Toward Christmas Break

Its "over the river and through the woods" for County basketball action this weekend as the teams make the final dashes to the holiday break.

The Teays Valley Vikings host the Roughriders from Canal Winchester Friday night. The Roughriders have yet to win, but according to Viking cage boss Bob Hoover, the West Jeff squad is just getting started after the school's Class A State football championship campaign. All members of the roundball team except one were members of the football squad also, and they have had a minimum of practice.

Hoover says that the West Jefferson five will be found in a zone defense most of the time, with some 2-2-1 press on occasion. When in possession of the ball, West Jeff will use a two-guard offense.

In commenting on last week's three point loss to Marysville, Hoover stated, "Rick Queen did a real good job for us until he fouled out. Terry Trego also put in a real fine performance."

Answering the starting buzzer for the Vikes will be Mike Fisher and Tim Tosca at the guards, Terry Trego and Jeff Voss at the forwards, and Rick Queen in the middle. Mike Johnsen will be lost the Vikings for about two weeks with a sprained ankle, suffered in practice.

Mike Eckle and his Westfall Mustangs play Friday, Saturday and next Tuesday, and those three games will be against three of Westfall's toughest opponents this season. Friday the Mustangs will take on Bishop Flaget, Saturday they travel to Zane Trace, and Tuesday night they invade Indian country in Pickaway County to

take on the Logan Elm Braves. Coach Eckle described the Flaget Panthers in one word: "tough". "They may be the best team we will play all season. They boast the SVC's leading scorer. They have a player who is five-foot ten inches that can jump with the best. They have six-foot four and six-foot three starters, and they have a couple coming off the bench that are the same size. Bishop Flaget is a super basketball team."

That "super" squad makes use of a man-to-man and 1-2-1 zone press on defense, and a point man front with a stack on either side for their offensive efforts. According to Eckle, they shot a torrid 80 per cent against Zane Trace in the second half of a recent game.

Saturday night the Mustangs head right back into the thick of battle when they travel to Ross County to play the Pioneers of Zane Trace, and things won't get much easier for the Westfall five.

Eckle states, "Zane Trace brings three starters back. They have a six-foot one man who is the third leading scorer in the SVC. They have a guard that is an excellent shooter. And they are a big team inside."

The Pioneers like to run the break on offense and they make use of a combination of defenses.

For both games this weekend, Eckle said the Mustangs "will have to start shooting better. We have played pretty good defense, but we've had some breakdowns in key situations. One thing that I do like is the fact that while we are a young team, we are learning everyday, and that really helps."

Eckle stated that he wanted to get past the two games this weekend before devoting full concentration to

the Logan Elm Braves. However he did state that "Logan Elm has a really good program going this year. We look for a good game with them, as there is every time the two teams play."

Butch Kobel's Logan Elm squad has been prepping for their contest Friday night when they host Canal Winchester's Indians.

According to Kobel, "Canal Winchester is young and relatively inexperienced. Two starters return for them this year: Neil Seymour, a six-foot two man who averages 20 points a game, and Randy Hicks, a five-foot 10 player who averages 15 points per game. The Indians rebound real well."

Kobel reports that the Indians have used man-to-man defenses in the past, but they are using a lot of zones this season. On offense, the Canal squad will use a two guard set with Seymour and Hicks on one side. From that set-up they use a lot of two-games and pick-and-rolls to the Seymour-Hicks side of the floor.

The Indians are 2-2 overall and hold and 1-1 record in the Mid-State League.

Coming off the bench at the start of the game for the Braves will be Jeff Collins and Mark Skinner at the guards. The forwards will be Terry Wright and Randy Pontious, and the man in the middle for the Braves will be Chuck Cave. Also, Tony Crist, John Mettler, and Doug Woods could see a lot of action for the Logan Elm quintet.

Remember, leave yourself plenty of time to get to the game of your choice, especially if there are hazardous road conditions. This is the last week you have to see your team before the jolly old gent with all the reindeer hits Roundtown.

Finley Suit Against Kuhn Set Thursday

CHICAGO (AP) — Charley Finley's federal court battle to get \$3.5 million from baseball Commissioner Bowie Kuhn, who blocked his attempt to sell three of his Oakland A's stars for that amount, opens Thursday.

Finley, the A's owner, is suing Kuhn because the commissioner voided the deals, saying they were not in the best interests of baseball.

Last June, Finley tried to sell outfielder Joe Rudi and relief pitcher Rollie Fingers to Boston for \$1 million each and pitcher Vida Blue to the New York Yankees for \$1.5 million.

All were unsigned at the time. Blue since has signed with the A's. But Rudi and Fingers became free agents after the 1976 season and signed last month with the California Angels and San Diego Padres, respectively. Instead of \$2 million, Finley got nothing for them.

Even if he is awarded damages, Finley probably will be in the unusual position of having to pay some of that money to himself.

Baseball's owners voted at their summer meetings in Phoenix last August to accept the philosophy of protecting Kuhn financially against lawsuit losses. Finley and Gussie Busch of the St. Louis Cardinals were the only owners to vote against the proposal.

The owners then voted 21-3 to apply the principle of indemnification to Finley's suit against Kuhn. Jerrold Hoffberger of the Baltimore Orioles joined the dissenters. Expansion teams Toronto and Seattle did not have votes.

Junior Vikings Split Contests

Teays Valley's seventh and eighth grade cage team split a pair of contests Tuesday with the seventh graders losing to Grove City, 38-28, while the eighth grade cagers routed Pickerington, 52-18.

The Vikings seventh graders led 6-4 at the end of the first quarter and held a 14-13 edge at halftime. But, Grove City rallied in the third period for a 24-17 lead and won 38-28.

Kevin Parsons and Robbie East both had six points for Teays Valley, Eric Rickard and Frankie Welsh each added four, John Cook netted three, Brian Schooley and Steve Toole both tallied two while David Acord had one.

The Vikings are now 1-3 and will be at Circleville 6:30 p.m. Thursday.

The eighth grade Blue and Gold cagers ran over Pickerington as they led at the end of each period, 13-6, 27-8, 40-12 and 52-18.

Rusty Sturgell led the Vikings with 15 points, Joe Chandler hooped nine, Bill Neal netted six, Perry Parsons tallied five, Mike Roberts, Alan Nutter and Bob Nance each added four, Scott Ford hit three and Jim Pangborn had two.

The Vikings will also be at Circleville Thursday.

Tigers Trip Trace

By CRAIG ALLISON
Herald Sports Writer

If anyone in Circleville looked to the west Tuesday night, they might have been able to see the glow from the Miami Trace gym, because the Tigers and the Panthers had the arena hotter than old Scratch himself could have made it. The Tigers never refused to give up in the contest, and they defeated the Fayette County quintet to the tune of 77-64.

Anyone who paid for his ticket to the game couldn't say that he was short-changed. Prior to the varsity thriller,

the reserve teams put on a show that had the crowd ready to climb the walls. The junior Tigers took that contest by a point, but it wasn't decided until 11 seconds were left on the clock.

The Roundtown varsity shot a very tough 55 per cent from the field in the contest. Their opponents had a 42 per cent rate of success.

Brent Wright wrapped his hands around nine rebounds, and Toren Bensonhaver helped the winning cause with eight snares. The Tigers ran up a total of 28 rebounds in the fray, compared to Miami Trace's 25.

In what might have been a big area to effect the scoring, the Tigers suffered 21 turnovers; not bad when compared with the 34 miscues the Panthers committed.

Art Schlitter showed the crowd that he was at home on the hardwood as much as he was on the football field, as he led Trace scoring with 24 points. He was the only Panther to notch double figures in the game.

Brent Wright and Toren Bensonhaver showed everyone how to use a basketball, as they both ran up 22 point tallies for the night. At first the Tigers couldn't find the big man inside, but once they did Wright was almost unstoppable. At one point early in the third quarter, Bensonhaver made the iron glow red as he pumped in an unanswered eight point salvo for the Red and Black. Frank Merrill also dazzled the fans with an 18 point performance.

As the game wore on, the local lads made use of fine shot openings and combined these with great defense to seal the game.

In commenting on the victory, Tiger cage mentor Jim Bailey stated, "I think you could tell the difference in the game by looking at the shot charts. We managed to get good shots in the second half, while Miami Trace took several shots from the perimeter. I was pleased with our fourth quarter performance; we managed to hang tough in there. While we didn't play excellent defense, our massacre defensive set-up did force them into 34 turnovers."

The game woke up a few persons and made some believers out of others. But it was for certain a contest that will keep the "coffee shop skull-sessions" lively for quite awhile.

Tiant's Parents Die In 3-Day Span

MILTON, Mass. (AP) — On a warm August night in 1975, thousands of baseball fans stood and cheered as Luis E. and Isabel Tiant, parents of Boston Red Sox pitcher Luis Tiant, stood and took a bow.

Tuesday, some 200 friends watched as two bronze colored coffins were placed side by side at Milton Cemetery.

Tiant's father and mother, companions for 36 years, died within three days of each other. Both were 72. The elder Tiant died Friday following a brief illness. His wife died Monday of a heart attack.

Southern Cal Victory Seen By Grid Picker

NEW YORK (AP) — With Arizona and Arizona State mulling invitations to bolt the Western Athletic Conference and join the Pac-8, it is not clear just how many teams still are in the WAC.

But two of the leftovers — co-champions Wyoming and Brigham Young, both unranked nationally — will attempt to embarrass the haughty Big Eight on the WAC's behalf for the second year in a row.

The regular-season forecasting ended with a 20-41 — .833 final week, bringing the record for the year to 538-

222-13 — .708. The bowls shape up this way: Fiesta Bowl, No. 8 Oklahoma vs. Wyoming: If they come to play, this will be the biggest mismatch of all the bowls; if they do not, it will not be close, either...Oklahoma 45-14.

Tangerine Bowl, No. 14 Oklahoma State vs. Brigham Young: These clubs hooked up in the Fiesta two years ago with Oklahoma State winning 16-6. No Big Eight embarrassment here, either... Oklahoma State 35-24.

Liberty Bowl, No. 7 UCLA vs. No. 16 Alabama: Bruins blew another shot at

the Rose Bowl and will be making their first postseason appearance elsewhere. Alabama, which came on strong, is in its 18th bowl in a row and 30th over-all, both national records... Alabama 24-21.

Gator Bowl, No. 15 Notre Dame vs. No. 20 (tie) Penn State: Pitt's Tony Dorsett started Notre Dame's season off on the wrong foot and ended Penn State's the same way...Notre Dame 17-10.

Peach Bowl, No. 20 (tie) North Carolina vs. Kentucky: The last time Kentucky went to a bowl was a quarter-century ago, a 13-7 Sugar Bowl triumph over Oklahoma...Kentucky 26-14.

Astro-Bluebonnet Bowl, No. 9 Texas Tech vs. No. 13 Nebraska: The Cornhuskers are out to make amends for last year's Fiesta Bowl demise...Nebraska 31-21.

Sun Bowl, No. 10 Texas A&M vs. Florida: One of the great bowl matchups in history between two teams with tremendous penchants for turning something good into a bad scene...Texas A&M 30-13.

Orange Bowl, No. 11 Ohio State vs. No. 12 Colorado: Nothing to say about the national championship; not even a Top Ten team on hand in sunny Florida, just sunny Woody Hayes and his one-time pupil, sunny Bill Mallory...Ohio State 14-7.

Cotton Bowl, No. 4 Maryland vs. No. 6 Houston: Coach Jerry Claiborne claims Maryland is the best team in the country and he is mad the Terrapins have been downgraded so far...Houston 27-20.

Rose Bowl, No. 2 Michigan vs. No. 3 Southern California: "I think the game is for the national championship," said Southern Cal's John Robinson... Southern Cal 21-14.

Sugar Bowl, No. 1 Pittsburgh vs. No. 5 Georgia: Four years ago, Johnny Majors announced he was leaving Iowa State for Pitt and the Cyclones promptly lost to Georgia 31-30 in the Sugar Bowl...Pitt 28-17.

Notre Dame Defeats Faltering Indiana

By THE ASSOCIATED PRESS

A "four-corner offense" put the Indiana Hoosiers on the ropes and a "zone" delivered the knockout punch.

That is what it took for Notre Dame to beat the reeling defending national basketball champions 78-65 Tuesday night.

The defeat was the third straight for the No. 16 Hoosiers, their longest losing streak in five years.

Toby Knight, who came off the bench and scored a career-high 23 points, paced the Irish, 6-0. Dave Batton scored 18 points.

All-American Kent Benson led Indiana with 18 points. Benson did not score during nearly 13 minutes at the start of the game.

Indiana committed 22 turnovers in the first half.

Westfall Frosh Rally To Win

After trailing by one point at the end of the third period, Westfall's freshman cagers came on in the final quarter to gain a 22-19 victory over Adena on the Warriors' court Tuesday.

It was 2-2 at the end of the first frame, Westfall led 10-9 at halftime and trailed 15-14 at the third canto buzzer.

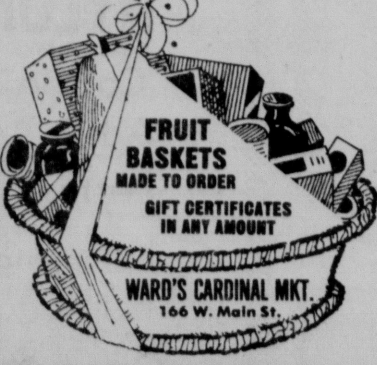

Tracey Puckett led the Mustangs with 10 points, Chuck Sollars netted six while Ray Whipple, Dave Born and Mike Whitten each tallied two. Seyfang paced Adena with nine markers.

Westfall is now 2-0 and will host Unioto 4:30 p.m. Monday.

Also, Tom Schneeberger scored a career-high 28 points, helping Air Force beat Regis College 79-64; Edgar Jones' 21 points led Nevada-Reno past North Dakota State 101-94, and Greg Ballard tossed in 17 points and grabbed 12 rebounds, leading Oregon to a 61-51 victory over Cal State-Fullerton.

In a doubleheader at the Palestra in Philadelphia, Marty Stahurski's two free throws and a clutch steal started an 8-0 streak that propelled Temple over Navy 55-54 and Princeton defeated Villanova 77-74 as Bob Kleinert made 12 of 12 free throws.

At Madison Square Garden in New York, Duke beat Connecticut 64-59 in overtime in the opener of a doubleheader as Jim Spanarkel and Mike Gminsky scored 20 points apiece. In the second game, Fordham defeated Brown 84-80 in overtime behind Tom Kavanagh's 19 points.

County Teams Head Toward Christmas Break

Its "over the river and through the woods" for County basketball action this weekend as the teams make the final dashes to the holiday break.

The Teays Valley Vikings host the Roughriders from Canal Winchester Friday night. The Roughriders have yet to win, but according to Viking cage boss Bob Hoover, the West Jeff squad is just getting started after the school's Class A State football championship campaign. All members of the roundball team except one were members of the football squad also, and they have had a minimum of practice.

Hoover says that the West Jefferson five will be found in a zone defense most of the time, with some 2-2-1 press on occasion. When in possession of the ball, West Jeff will use a two-guard offense.

In commenting on last week's three point loss to Marysville, Hoover stated, "Rick Queen did a real good job for us until he fouled out. Terry Trego also put in a real fine performance."

Answering the starting buzzer for the Vikes will be Mike Fisher and Tim Tosca at the guards, Terry Trego and Jeff Voss at the forwards, and Rick Queen in the middle. Mike Johnson will be lost the Vikings for about two weeks with a sprained ankle, suffered in practice.

Mike Eckle and his Westfall Mustangs play Friday, Saturday and next Tuesday, and those three games will be against three of Westfall's toughest opponents this season. Friday the Mustangs will take on Bishop Flaget, Saturday they travel to Zane Trace, and Tuesday night they invade Indian country in Pickaway County to

take on the Logan Elm Braves. Coach Eckle described the Flaget Panthers in one word: "tough". "They may be the best team we will play all season. They boast the SVC's leading scorer. They have a player who is five-foot ten inches that can jump with the best. They have six-foot four and six-foot three starters, and they have a couple coming off the bench that are the same size. Bishop Flaget is a super basketball team."

That "super" squad makes use of a man-to-man and 1-2-1 zone press on defense, and a point man front with a stack on either side for their offensive efforts. According to Eckle, they shot a torrid 80 per cent against Zane Trace in the second half of a recent game.

Saturday night the Mustangs head right back into the thick of battle when they travel to Ross County to play the Pioneers of Zane Trace, and things won't get much easier for the Westfall five.

Eckle states, "Zane Trace brings three starters back. They have a six-foot one man who is the third leading scorer in the SVC. They have a guard that is an excellent shooter. And they are a big team inside."

The Pioneers like to run the break on offense and they make use of a combination of defenses.

For both games this weekend, Eckle said the Mustangs "will have to start shooting better. We have played pretty good defense, but we've had some breakdowns in key situations. One thing that I do like is the fact that while we are a young team, we are learning everyday, and that really helps."

Eckle stated that he wanted to get past the two games this weekend before devoting full concentration to

the Logan Elm Braves. However he did state that "Logan Elm has a really good program going this year. We look for a good game with them, as there is every time the two teams play."

Butch Kobel's Logan Elm squad has been prepping for their contest Friday night when they host Canal Winchester's Indians.

According to Kobel, "Canal Winchester is young and relatively inexperienced. Two starters return for them this year: Neil Seymour, a six-foot two man who averages 20 points a game, and Randy Hicks, a five-foot 10 player who averages 15 points per game. The Indians rebound real well."

Kobel reports that the Indians have used man-to-man defenses in the past, but they are using a lot of zones this season. On offense, the Canal squad will use a two guard set with Seymour and Hicks on one side. From that set-up they use a lot of two-games and pick-and-rolls to the Seymour-Hicks side of the floor.

The Indians are 2-2 overall and hold a 1-1 record in the Mid-State League.

Coming off the bench at the start of the game for the Braves will be Jeff Collins and Mark Skinner at the guards. The forwards will be Terry Wright and Randy Pontious, and the man in the middle for the Braves will be Chuck Cave. Also, Tony Crist, John Mettler, and Doug Woods could see a lot of action for the Logan Elm quintet.

Remember, leave yourself plenty of time to get to the game of your choice, especially if there are hazardous road conditions. This is the last week you have to see your team before the jolly old gent with all the reindeer hits Roundtown.

Finley Suit Against Kuhn Set Thursday

CHICAGO (AP) — Charley Finley's federal court battle to get \$3.5 million from baseball Commissioner Bowie Kuhn, who blocked his attempt to sell three of his Oakland A's stars for that amount, opens Thursday.

Finley, the A's owner, is suing Kuhn because the commissioner voided the deals, saying they were not in the best interests of baseball.

Last June, Finley tried to sell outfielder Joe Rudi and relief pitcher Rollie Fingers to Boston for \$1 million each and pitcher Vida Blue to the New York Yankees for \$1.5 million.

All were unsigned at the time. Blue since has signed with the A's. But Rudi and Fingers became free agents after the 1976 season and signed last month with the California Angels and San Diego Padres, respectively. Instead of \$2 million, Finley got nothing for them.

Even if he is awarded damages, Finley probably will be in the unusual position of having to pay some of that money to himself.

Baseball's owners voted at their summer meetings in Phoenix last August to accept the philosophy of protecting Kuhn financially against lawsuit losses. Finley and Gussie Busch of the St. Louis Cardinals were the only owners to vote against the proposal.

The owners then voted 21-3 to apply the principle of indemnification to Finley's suit against Kuhn. Jerrold Hoffberger of the Baltimore Orioles joined the dissenters. Expansion teams Toronto and Seattle did not have votes.

Junior Vikings Split Contests

Teays Valley's seventh and eighth grade cage team split a pair of contests Tuesday with the seventh graders losing to Grove City, 38-28, while the eighth grade cagers routed Pickerington, 52-18.

The Vikings seventh graders led 6-4 at the end of the first quarter and held a 14-13 edge at halftime. But, Grove City rallied in the third period for a 24-17 lead and won 38-28.

Kevin Parsons and Robbie East both had six points for Teays Valley, Eric Rickard and Frankie Welsh each added four, John Cook netted three, Brian Schooley and Steve Toole both tallied two while David Acord had one.

The Vikings are now 1-3 and will be at Circleville 6:30 p.m. Thursday.

The eighth grade Blue and Gold cagers ran over Pickerington as they led at the end of each period, 13-6, 27-8, 40-12 and 52-18.

Rusty Sturgell led the Vikings with 15 points, Joe Chandler hooped nine, Bill Neal netted six, Perry Parsons tallied five, Mike Roberts, Alan Nutter and Bob Nance each added four, Scott Ford hit three and Jim Pangborn had two.

The Vikings will also be at Circleville Thursday.

Tigers Trip Trace

By CRAIG ALLISON
Herald Sports Writer

If anyone in Circleville looked to the west Tuesday night, they might have been able to see the glow from the Miami Trace gym, because the Tigers and the Panthers had the arena hotter than old Scratch himself could have made it. The Tigers never refused to give up in the contest, and they defeated the Fayette County quintet to the tune of 77-64.

Anyone who paid for his ticket to the game couldn't say that he was short-changed. Prior to the varsity thriller,

CHS Reserves Nip Panthers In Thriller

Fans at the Circleville-Miami Trace game Tuesday night who saw the preliminary reserve contest are probably sporting a few more gray hairs today. Circleville won a classic battle by a 48-47 score.

Pete Harrison canned the victory for the Roundtowners with four free-throws that were made approximately 10 seconds apart.

With :22 blinking on the clock, Harrison was awarded a trip to the charity line, and he responded by calmly sinking the two buckets. That put the Red and Black on top 46-45. As Miami Trace was bringing the ball up-court on the ensuing throw-in, a foul was whistled on the Tigers and this time it was the Panthers turn. They sent Todd DeLay to the line, and he put the Panthers on top again with two tosses.

With the score reading 47-46 in favor of the Panthers, Circleville was bringing the ball up court with less than 16 seconds on the clock, and time was swiftly disappearing for the local lads. At this point the Panthers were called again for fouling. Harrison again toed the line and bagged both ends of the free-throw. With :11 on the clock the Red and Black was on top to stay, as they stole the ball and ran out the clock to notch their fifth win and remain unbeaten thus far in the 1976-77 season.

Harrison led the way with 23 points. Don Hill also hit in double figures for the Tigers with 13.

In discussing the thriller, Tiger reserve coach Dennis Stewart said, "Our kids really held their poise and we made the pressure free-throws when we needed to. This was a great win for us on the road. When you win like that on the road, you really feel like you're going to do something the rest of the season."

Circleville Booster Club Meets Tonight

The Circleville Athletic Booster Club will meet 8 p.m. tonight in the high school cafeteria.

Coaches Joy O'Brien, Brent Bell, Jim Bailey and Dennis Stewart will be on hand to discuss their repsective teams.

All Booster Club members are reminded that all turkey shoot tickets must be turned in at tonight's meeting.

Refreshments will be served and the public is cordially invited to attend.

the reserve teams put on a show that had the crowd ready to climb the walls. The junior Tigers took that contest by a point, but it wasn't decided until 11 seconds were left on the clock.

The Roundtown varsity shot a very tough 55 per cent from the field in the contest. Their opponents had a 42 per cent rate of success.

Brent Wright wrapped his hands around nine rebounds, and Toren Bensonhaver helped the winning cause with eight snares. The Tigers ran up a total of 28 rebounds in the fray, compared to Miami Trace's 25.

In what might have been a big area to effect the scoring, the Tigers suffered 21 turnovers; not bad when compared with the 34 miscues the Panthers committed.

Art Schlichter showed the crowd that he was at home on the hardwood as much as he was on the football field, as he led Trace scoring with 24 points. He was the only Panther to notch double figures in the game.

Brent Wright and Toren Bensonhaver showed everyone how to use a basketball, as they both ran up 22 point tallies for the night. At first the Tigers couldn't find the big man inside, but once they did Wright was almost unstoppable. At one point early in the third quarter, Bensonhaver made the iron glow red as he pumped in an unanswered eight point salvo for the Red and Black. Frank Merrill also dazzled the fans with an 18 point performance.

As the game wore on, the local lads made use of fine shot openings and combined these with great defense to seal the game.

In commenting on the victory, Tiger cage mentor Jim Bailey stated, "I think you could tell the difference in the game by looking at the shot charts. We managed to get good shots in the second half, while Miami Trace took several shots from the perimeter. I was pleased with our fourth quarter performance; we managed to hang tough in there. While we didn't play excellent defense, our massacre defensive set-up did force them into 34 turnovers."

The game woke up a few persons and made some believers out of others. But it was for certain a contest that will keep the "coffee shop skull-sessions" lively for quite awhile.

Tiant's Parents Die In 3-Day Span

MILTON, Mass. (AP) — On a warm August night in 1975, thousands of baseball fans stood and cheered as Luis E. and Isabel Tiant, parents of Boston Red Sox pitcher Luis Tiant, stood and took a bow.

Tuesday, some 200 friends watched as two bronze colored coffins were placed side by side at Milton Cemetery.

Tiant's father and mother, companions for 36 years, died within three days of each other. Both were 72. The elder Tiant died Friday following a brief illness. His wife died Monday of a heart attack.

Southern Cal Victory Seen By Grid Picker

NEW YORK (AP) — With Arizona and Arizona State mulling invitations to bolt the Western Athletic Conference and join the Pac-8, it is not clear just how many teams still are in the WAC.

But two of the leftovers — co-champions Wyoming and Brigham Young, both unranked nationally — will attempt to embarrass the haughty Big Eight on the WAC's behalf for the second year in a row.

The regular-season forecasting ended with a 20-4-1 — .833 final week, bringing the record for the year to 538-

222-13 — .708. The bowls shape up this way: Fiesta Bowl, No. 8 Oklahoma vs. Wyoming: If they come to play, this will be the biggest mismatch of all the bowls; if they do not, it will not be close, either...Oklahoma 45-14.

Tangerine Bowl, No. 14 Oklahoma State vs. Brigham Young: These clubs hooked up in the Fiesta two years ago with Oklahoma State winning 16-6. No Big Eight embarrassment here, either ... Oklahoma State 35-24.

Liberty Bowl, No. 7 UCLA vs. No. 16 Alabama: Bruins blew another shot at

the Rose Bowl and will be making their first postseason appearance elsewhere. Alabama, which came on strong, is in its 18th bowl in a row and 30th over-all, both national records ... Alabama 24-21.

Gator Bowl, No. 15 Notre Dame vs. No. 20 (tie) Penn State: Pitt's Tony Dorsett started Notre Dame's season off on the wrong foot and ended Penn State's the same way...Notre Dame 17-10.

Peach Bowl, No. 20 (tie) North Carolina vs. Kentucky: The last time Kentucky went to a bowl was a quarter-century ago, a 13-7 Sugar Bowl triumph over Oklahoma...Kentucky 26-14.

Astro-Bluebonnet Bowl, No. 9 Texas Tech vs. No. 13 Nebraska: The Cornhuskers are out to make amends for last year's Fiesta Bowl demise ...Nebraska 31-21.

Sun Bowl, No. 10 Texas A&M vs. Florida: One of the great bowl matchups in history between two teams with tremendous penchants for turning something good into a bad scene...Texas A&M 30-13.

Orange Bowl, No. 11 Ohio State vs. No. 12 Colorado: Nothing to say about the national championship; not even a Top Ten team on hand in sunny Florida, just sunny Woody Hayes and his one-time pupil, sunny Bill Mallory...Ohio State 14-7.

Cotton Bowl, No. 4 Maryland vs. No. 6 Houston: Coach Jerry Claiborne claims Maryland is the best team in the country and he is mad the Terrapins have been downgraded so far...Houston 27-20.

Rose Bowl, No. 2 Michigan vs. No. 3 Southern California: "I think the game is for the national championship," said Southern Cal's John Robinson ... Southern Cal 21-14.

Sugar Bowl, No. 1 Pittsburgh vs. No. 5 Georgia: Four years ago, Johnny Majors announced he was leaving Iowa State for Pitt and the Cyclones promptly lost to Georgia 31-30 in the Sugar Bowl...Pitt 28-17.

Notre Dame Defeats Faltering Indiana

By THE ASSOCIATED PRESS

A "four-corner offense" put the Indiana Hoosiers on the ropes and a "zone" delivered the knockout punch. That is what it took for Notre Dame to beat the reeling defending national basketball champions 78-65 Tuesday night.

The defeat was the third straight for the No. 16 Hoosiers, their longest losing streak in five years.

Toby Knight, who came off the bench and scored a career-high 23 points, paced the Irish, 6-0. Dave Batton scored 18 points.

All-American Kent Benson led Indiana with 18 points. Benson did not score during nearly 13 minutes at the start of the game.

Indiana committed 22 turnovers in the first half.

Westfall Frosh Rally To Win

After trailing by one point at the end of the third period, Westfall's freshman cagers came on in the final quarter to gain a 22-19 victory over Adena on the Warriors' court Tuesday.

It was 2-2 at the end of the first frame, Westfall led 10-9 at halftime and trailed 15-14 at the third canto buzzer.

Tracey Puckett led the Mustangs with 10 points, Chuck Sollars netted six while Ray Whipple, Dave Born and Mike Whitten each tallied two. Seyfang paced Adena with nine markers.

Westfall is now 2-0 and will host Unioto 4:30 p.m. Monday.

at halftime and 46-42 at the third period buzzer.

But, the Aces were up to the challenge and overcame the deficit in the final period to knot the count at 60-60 at the end of regulation play.

It was tied 64-64 at the end of the first overtime, 72-72 when the second overtime period ended but the boys from Amanda-Clearcreek put things away in the third overtime to gain a two-point victory.

The reserves of Amanda-Clearcreek made it a clean sweep with a 33-27 win over Glouster in the opening contest.

Scott Guseman led the Aces with 12 points, Paul Jones hooped six, Steve Guseman netted five, Jim Nye and Gary Bussert each tallied four and Jim Young added two.

"Notre Dame is a very quick team," Indiana Coach Bobby Knight added. "Duck Williams has quick hands and quick feet."

In other college basketball games Tuesday night, Tom Cutler scored 14 points, leading Western Michigan to a 65-56 victory over Toledo; Alton Byrd fired in 17 points, handed out 10 assists and grabbed eight rebounds, sparking Columbia to a 90-62 decision over Manhattan; Clemson routed Buffalo 98-67 as Wayne "Tree" Rollins and Stan Rome combined for 42 points; Blair Martineau pumped in 28 points, pacing Utah State over Utah 92-90.

Also, Tom Schneeberger scored a career-high 28 points, helping Air Force beat Regis College 79-64; Edgar Jones' 21 points led Nevada-Reno past North Dakota State 101-94, and Greg Ballard tossed in 17 points and grabbed 12 rebounds, leading Oregon to a 61-51 victory over Cal State-Fullerton.

In a doubleheader at the Palestra in Philadelphia, Marty Stahurski's two free throws and a clutch steal started an 8-0 streak that propelled Temple over Navy 55-54 and Princeton defeated Villanova 77-74 as Bob Kleinert made 12 of 12 free throws.

At Madison Square Garden in New York, Duke beat Connecticut 64-59 in overtime in the opener of a doubleheader as Jim Spanarkel and Mike Gminsky scored 20 points apiece. In the second game, Fordham defeated Brown 84-80 in overtime behind Tom Kavanagh's 19 points.

What kind of day will tomorrow be? To find out what the stars say, read the forecast given for your birth Sign.

FOR THURSDAY

ARIES (Mar. 21 to Apr. 20): Some changing situations. Do not be dismayed. Accept them with your inborn adaptability and perceptiveness.

TAURUS (Apr. 21 to May 21): Determine distance efforts must stretch to cover ground necessary. You may be tempted to press too hard now - trying to cover more than is possible. Don't!

GEMINI (May 22 to June 21): You can demonstrate your ability to be innovative and imaginative now but, at the same time, be practical and do not abandon past procedures which have proven beneficial.

CANCER (June 22 to July 23): Mixed influences. You may alternate between quick, aggressive moves and periods of slowing down, for no apparent reason. Aim at stabilization.

LEO (July 24 to Aug. 23): Be explicit but not short in voicing opinions. There is a tendency now to belittle the aspirations and ideas of others. Curb!

VIRGO (Aug. 24 to Sept. 23): Don't be coerced into anything which seems at all inappropriate, but do listen to all sides of a reasonable discussion. A good day for making agreements, long-range plans.

LIBRA (Sept. 24 to Oct. 23): Especially favored now: professional endeavors, opportunities to increase prestige. You may be given added responsibility but, with it, there's increased potential.

SCORPIO (Oct. 24 to Nov. 23): Heed danger signals as well as attractions where finances are concerned. Not many, but one or two could prove troublesome if you are not alert.

SAGITTARIUS (Nov. 23 to Dec. 21): Be prepared to cope with strangers, odd situations. Pinpoint objectives; be selective about ways and means. Step up momentum where possible.

CAPRICORN (Dec. 22 to Jan. 20): Make sure you have checked all facts and factors before making agreements or commitments. But do not quibble foolishly and lose out.

AQUARIUS (Jan. 21 to Feb. 19): You may find yourself drawn in two directions at once - as the Aquarian is at times. Key to solution: The "easy" road is not necessarily the best one.

PISCES (Feb. 20 to Mar. 20): Good news! Some unexpected largesse will tide you over a difficult spot, money-wise. Romance favored, too.

YOU BORN TODAY are extremely versatile, highly individualistic, progressive in your ideas. You could become unusually successful in the fields of business, finance, literature, music, the law or statesmanship. You are a benevolent and altruistic person, but must take care that the unscrupulous do not take advantage of your generosity. If you do not take up one of the arts as a vocation, you should pursue one or the other as a sideline. It would provide an excellent outlet for your very deep emotions. LOS ANGELES (AP) — It's not been a good season for new series. Of 14 shows the television networks have axed since September, 11 were new entries in the hotly contested 1976-77 season.

The latest casualty, the hourlong "Gibbville" series about newspapering in Pennsylvania, had been on the air only since Nov. 11. NBC says the show will depart come midseason.

The news came Tuesday as both NBC and CBS, fighting to catch up with ABC in the ratings, made public their midseason lineups that call for six new series — four on CBS, two on NBC — to air early next year.

NBC's "Quincy," a new medic-detective series that was a segment of the network's "Sunday Mystery Movie" this season, also got weekly status, scheduled for Thursday nights on an unspecified date in February.

In addition to dropping "Gibbville," NBC said it was axing television's only Western, the new "Quest" series. It had confirmed trade reports of that show's demise last Dec. 7.

NBC's two new series, each an hour in length, are "Nightmare," a suspense anthology program for Wednesdays, starting Feb. 2, and "Fantastic Journey," a Thursday science-fiction series that starts Feb. 3.

Two new CBS shows are comedies. They are "A Year at the Top," a Norman Lear series about an aged music group that makes a deal with the devil for youth and success. The other show, which premieres on Monday, Jan. 17, is "On Your Own," a domestic comedy.

In readying for midseason combat with top-ranked ABC, CBS, whose ratings have been unexpectedly low most of this season, also massively juggled its prime-time program schedule for next January.

It put seven returning series in new time periods, changing the current schedule on every night but Thursday and Saturday. Meanwhile, the latest A.C. Nielsen ratings say an estimated 22 million television sets were tuned to ABC's "Happy Days" last week, making the 1950s-era comedy the most watched show on network television.

Last week's 20 most-watched programs, according to the Nielsen survey, were "Happy Days," "Laverne and Shirley," "Charlie's Angels" and "Six Million Dollar Man," all on ABC; "M-A-S-H," CBS; "The Carpenters," ABC; "60 Minutes," "All in the Family," "Johnny Cash Special" and "The Waltons," CBS; "ABC Monday Night Football"; "One Day at a Time," CBS; "Sanford and Son" and "Chico and the Man," NBC; "Rudolph's Shiny New Year," "Christmas in Disneyland" and "Friday Movie," ABC; "Phyllis," CBS; "Little House on the Prairie," NBC; and "Rhoda," CBS.

University's Gift

STOCKTON, Cal. (AP) — The University of the Pacific recently received a gift of \$600,000 from the Thomas J. Long family of Walnut Creek, Cal.

University President Stanley E. McCaffrey said the funds would finance improvements in the School of Pharmacy and make possible a move for the Drama Department.

Your Views On Horoscope Television

By FRANCIS DRAKE

What kind of day will tomorrow be? To find out what the stars say, read the forecast given for your birth sign.

FOR THURSDAY

ARIES (Mar. 21 to Apr. 20): Some changing situations. Do not be dismayed. Accept them with your inborn adaptability and perceptiveness.

TAURUS (Apr. 21 to May 21): Determine distance efforts must stretch to cover ground necessary. You may be tempted to press too hard now - trying to cover more than is possible. Don't!

GEMINI (May 22 to June 21): You can demonstrate your ability to be innovative and imaginative now but, at the same time, be practical and do not abandon past procedures which have proven beneficial.

CANCER (June 22 to July 23): Mixed influences. You may alternate between quick, aggressive moves and periods of slowing down, for no apparent reason. Aim at stabilization.

LEO (July 24 to Aug. 23): Be explicit but not short in voicing opinions. There is a tendency now to belittle the aspirations and ideas of others. Curb!

VIRGO (Aug. 24 to Sept. 23): Don't be coerced into anything which seems at all inappropriate, but do listen to all sides of a reasonable discussion. A good day for making agreements, long-range plans.

LIBRA (Sept. 24 to Oct. 23): Especially favored now: professional endeavors, opportunities to increase prestige. You may be given added responsibility but, with it, there's increased potential.

SCORPIO (Oct. 24 to Nov. 23): Heed danger signals as well as attractions where finances are concerned. Not many, but one or two could prove troublesome if you are not alert.

SAGITTARIUS (Nov. 23 to Dec. 21): Be prepared to cope with strangers, odd situations. Pinpoint objectives; be selective about ways and means. Step up momentum where possible.

CAPRICORN (Dec. 22 to Jan. 20): Make sure you have checked all facts and factors before making agreements or commitments. But do not quibble foolishly and lose out.

AQUARIUS (Jan. 21 to Feb. 19): You may find yourself drawn in two directions at once - as the Aquarian is at times. Key to solution: The "easy" road is not necessarily the best one.

PISCES (Feb. 20 to Mar. 20): Good news! Some unexpected largesse will tide you over a difficult spot, money-wise. Romance favored, too.

YOU BORN TODAY are extremely versatile, highly individualistic, progressive in your ideas. You could become unusually successful in the fields of business, finance, literature, music, the law or statesmanship. You are a benevolent and altruistic person, but must take care that the unscrupulous do not take advantage of your generosity. If you do not take up one of the arts as a vocation, you should pursue one or the other as a sideline. It would provide an excellent outlet for your very deep emotions. Birthdate of: Jane Austen, Eng. writer; Ludwig von Beethoven, Ger. composer; Noel Coward, Eng. author, playwright, actor; Margaret Mead, noted anthropologist.

LOS ANGELES (AP) — It's not been a good season for new series. Of 14 shows the television networks have axed since September, 11 were new entries in the hotly contested 1976-77 season.

The latest casualty, the hourlong "Gibbville" series about newspapering in Pennsylvania, had been on the air only since Nov. 11. NBC says the show will depart come midseason.

The news came Tuesday as both NBC and CBS, fighting to catch up with ABC in the ratings, made public their midseason lineups that call for six new series — four on CBS, two on NBC — to air early next year.

NBC's "Quincy," a new medic-detective series that was a segment of the network's "Sunday Mystery Movie" this season, also got weekly status, scheduled for Thursday nights on an unspecified date in February.

In addition to dropping "Gibbville," NBC said it was axing television's only Western, the new "Quest" series. It had confirmed trade reports of that show's demise last Dec. 7.

NBC's two new series, each an hour in length, are "Nightmare," a suspense anthology program for Wednesday nights, starting Feb. 2, and "Fantastic Journey," a Thursday science-fiction series that starts Feb. 3.

Two new CBS shows are comedies. They are "A Year at the Top," a Norman Lear series about an aged music group that makes a deal with the devil for youth and success. The other show, which premieres on Monday, Jan. 17, is "On Your Own," a domestic comedy.

In readying for midseason combat with top-ranked ABC, CBS, whose ratings have been unexpectedly low most of this season, also massively re-juggled its prime-time program schedule for next January.

It put seven returning series in new time periods, changing the current schedule on every night but Thursday and Saturday.

Meanwhile, the latest A.C. Nielsen ratings say an estimated 22 million television sets were tuned to ABC's "Happy Days" last week, making the 1950s-era comedy the most watched show on network television.

Last week's 20 most-watched programs, according to the Nielsen survey, were "Happy Days," "Laverne and Shirley," "Charlie's Angels" and "Six Million Dollar Man," all on ABC; "M-A-S-H," CBS; "The Carpenters," ABC; "60 Minutes," "All in the Family," "Johnny Cash Special" and "The Waltons," CBS; "ABC Monday Night Football"; "One Day at a Time," CBS; "Sanford and Son" and "Chico and the Man," NBC; "Rudolph's Shiny New Year," "Christmas in Disneyland" and "Friday Movie," ABC; "Phyllis," CBS; "Little House on the Prairie," NBC; and "Rhoda," CBS.

University's Gift

STOCKTON, Cal. (AP) — The University of the Pacific recently received a gift of \$600,000 from the Thomas J. Long family of Walnut Creek, Cal.

University President Stanley E. McCaffrey said the funds would finance improvements in the School of Pharmacy and make possible a move for the Drama Department.

Local Firms Contribute To Ohio Colleges

Contributions from the four weeks of solicitations are beginning to come into the Columbus headquarters of the Ohio Foundation of Independent Colleges, reports the president, Dr. Carl C. Bracy. Representatives from Ohio's thirty-four private colleges completed their annual solicitations in Ohio's eight major cities and contingent areas — Akron and Canton, Cleveland and Youngstown, Columbus and Toledo and Cincinnati and Dayton.

In addition to these personal visits on corporation executives, a mail solicitation campaign will complete the contacts with business leaders in Ohio. Out-of-state solicitations will follow.

Gifts from 753 corporations for the first six months of the 1976-77 fiscal year total \$517,468. This is an increase in both the number of contributors and amount of contributions over a year ago.

Contributions received from this area during October and November include Circleville Oil Co. Savings Bank and the Third National Bank.

Tiger Band, Choir Has Yule Concert

The Circleville High School band and choir will be presenting their annual Christmas program this Thursday. The concert will be held in the Circleville High School auditorium at 7:30 p.m.

The band will be performing "Christmas Fugue," "Carol of The Drum," "Parade of The Wooden Soldiers," "Tis The Season to be Jolly," "Greensleeves," and "Sleigh Ride."

The choir will be singing "Do You Hear What I Hear?," "Born In A Manger," "Carol of The Bells," "Sleigh Ride," and "Home for Christmas-Let It Snow!" medley. The ensemble will sing "White Christmas" and "Christmas Calypso."

In addition to singing, the choir will present "A Harmony of Holiday Spirits" a skit written by Melissa Armstrong and Janet Spring, a film "Traditions of Christmas," with background music played by Randall Wolfe, and a dance to "Home For Christmas" written by Becky Sowers and Paula Dunham.

The public is cordially invited. There will be no admission fee.

Vance, Bolender Named To Area SWCD Positions

Chaney Vance was reelected as a Director and Dave Bolender was reelected Treasurer of Area V South at the Area V winter meeting of the Soil and Water Conservation District.

Both men were elected to one-year terms at the Tuesday meeting in Grove City.

During the meeting, Floyd Heft, Chief of the Division of Soil and Water Conservation Districts, explained the new pollution abatement law for point and non-point pollution which will be introduced in the Ohio Legislature in January.

He stressed that the law had been five years in the making and noted that it is a realistic and workable approach to the problem of non-point pollution.

Heft noted that the law would give local residents control over local problems. If no action is taken by July, 1978, the Federal Government will formulate a plan to be implemented which in all probability would be administered without any local input or control, he said.

Other speakers were Robert Quillian, State Soil Conservationist, who told of the new concept of

minimum tillage; Paul Flanigan, of the Ohio Environmental Protection Agency, who told of responsibilities of the OEPA as it works with the new pollution abatement law; and Clair W. Young, Extension Service, Ohio State University, who spoke about new and existing regulations of the Occupational Safety and Health Administration as it deals with farm employees.

Attending the meeting from the Pickaway SWCD were Supervisors Chaney Vance, Dave Bolender, H.M. Everhart, and Paul Schein; District Conservationist Don Archer; and District employees Robert Bower, Ray Taylor, and Olive Neff.
